CONSOLIDATED FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

To the members of Habib Metropolitan Bank Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the annexed consolidated financial statements of Habib Metropolitan Bank Limited and its subsidiaries ("the Group"), which comprise the consolidated statement of financial position as at 31 December 2020, and the consolidated statement of profit and loss account, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2020 and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key Audit Matters:

S. No.	Key Audit Matters	How the matter was addressed in our audit
1	PROVISION AGAINST LOANS AND ADVANCES	
	<p>Refer to note 10 to the consolidated financial statements and the accounting policies in note 4.6 to the consolidated financial statements.</p> <p>The Group's advances to the customers represent 31.36% of its total assets as at 31 December 2020 and are stated net of provision at Rs. 321.65 billion.</p> <p>The provision against loans and advances was identified as a key audit matter in our audit as it involves a considerable degree of management judgment and compliance with the Prudential Regulations (PRs) issued by the State Bank of Pakistan.</p>	<p>Our audit procedures to verify provision against advances, amongst others, included the following:</p> <ul style="list-style-type: none"> Reviewed the design and tested the operating effectiveness of key controls established by the Group to identify loss events and for determining the extent of provisioning required against non-performing loans. <p>The testing of controls included testing of:</p> <ul style="list-style-type: none"> Process over the correct classification of non-performing advances on time based criteria;

S. No.	Key Audit Matters	How the matter was addressed in our audit
		<ul style="list-style-type: none"> - controls over monitoring of advances with higher risk of default and correct classification of non-performing advances on subjective criteria; - controls over accurate computation and recording of provisions; and - controls over the governance and approval process related to provisions, including continuous reassessment by the management. <ul style="list-style-type: none"> • In accordance with the regulatory requirement, we sampled and tested at least sixty percent of the total advances portfolio and performed the following substantive procedures for sample loan accounts: <ul style="list-style-type: none"> - verified repayments of loan / mark-up installments and checked that non-performing loans have been correctly classified and categorized based on the number of days overdue; and - examined watch list accounts and, based on review of the individual facts and circumstances, discussions with management and our assessment of financial conditions of the borrowers, formed a judgement as to whether classification of these accounts as performing was appropriate. • Checked the accuracy of the provision made against non-performing advances by recomputing the provision amount after considering the benefit of forced sales value, if any, in accordance with the criteria prescribed under the PRs. • Where the management has not identified indicators displaying impairment, reviewed the credit history, account movement, financial ratios, report on security maintained and challenged the management's assessment based on our view of the credit from the review of credit file. <p>We also issued instructions to auditors of two subsidiaries, highlighting 'Provision against advances' as a significant risk. The auditors of those subsidiaries performed audit procedures to check compliance with regulatory requirements and reported the results thereof to us. We, as Group auditors, evaluated the work performed by the component auditors and the results thereof.</p>

S. No.	Key Audit Matters	How the matter was addressed in our audit
2	VALUATION OF INVESTMENTS

We as Group auditors evaluated the work performed by the component auditors and the result thereby.</p>

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Group's Annual Report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan, the requirements of Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The engagement partner on the audit resulting in this independent auditor's report is Aryn Pirani.

2. BASIS OF PRESENTATION

2.1 These consolidated financial statements represent separate financial statements of the Group. The financial statements of the holding company and its subsidiary companies are being separately issued.

2.2 Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan, as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
- Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of the IFRS or IFAS, requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

The SBP vide BSD Circular No. 10, dated 26 August 2002 has deferred the applicability of International Accounting Standard (IAS) 39 "Financial Instruments: Recognition and Measurement" and IAS 40 "Investment Property" for banking companies till further instructions. Further, according to a notification of the Securities and Exchange Commission of Pakistan (SECP) through S.R.O. No. 411 (1) / 2008 dated 28 April 2008, IFRS 7 "Financial Instruments: Disclosures" has not been made applicable for banks. Further, SBP has directed all banks to implement IFRS 9, Financial Instruments, with effect from 01 January 2021 vide BPRD Circular No. 04 of 2019 dated 23 October 2019. Accordingly, the requirements of these standards have not been considered in the preparation of these consolidated financial statements. However, investments have been classified and valued in accordance with the requirements of various circulars issued by the SBP.

The Securities and Exchange Commission of Pakistan (SECP) has notified Islamic Financial Accounting Standard (IFAS) 3, 'Profit and Loss Sharing on Deposits' issued by the Institute of Chartered Accountants of Pakistan. IFAS 3 shall be followed with effect from the financial periods beginning on or after 1 January 2014 in respect of accounting for transactions relating to 'Profit and Loss Sharing on Deposits' as defined by the said standard. The standard has resulted in certain new disclosures in the financial statements of the Bank. The SBP through BPRD Circular Letter No. 4 dated 25 February 2015, has deferred the applicability of IFAS 3 till further instructions and prescribed the Banks to prepare their annual and periodical financial statements as per existing prescribed formats issued vide BPRD Circular 02 of 2018, as amended from time to time.

2.3 Standards, interpretations and amendments to published approved accounting standards that are effective in current year

2.3.1 There are certain other new and amended standards, interpretations and amendments that are mandatory for the Group's accounting periods beginning on or after 1 January 2020 but are considered not to be relevant or do not have any significant effect on the Group's operations and therefore not detailed in these consolidated financial statements.

2.4 Standards, interpretations and amendments to published approved accounting standards that are not yet effective

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after 1 January 2021:

- IFRS 9 'Financial Instruments' and amendment – Prepayment Features with Negative Compensation – the effective date of the standard has been extended to annual periods beginning on or after 1 January 2021 vide SBP circular 4 dated 23 October 2019. IFRS 9 replaces the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. The standard includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39. According to SBP circular referred to above, the Banks were required to have a parallel run of IFRS 9 from 1 January 2020, which was subsequently extended to commence for periods beginning 1 July 2020 vide SBP's BPRD Circular Letter No. 15 of 2020. As per the directives of the SBP, the Banks were required to prepare pro-forma financial statements including the impact of IFRS 9 for the year ended 31 December 2019 and submit the same to the State Bank of Pakistan.

During the year, the holding company continued to report its impact assessments to the SBP for reporting periods falling under the parallel run, which were based on certain estimates and assumptions considered in the absence of uniform implementation guidelines. The holding company has estimated the impact of adoption of IFRS 9 on the financial statements of the Bank on the date of initial application, which shall be finalised post issuance of and subject to standardisation of implementation guidelines and approaches, from the State Bank of Pakistan. However, the holding company does not expect a material additional charge on its consolidated financial statements upon implementation. Regarding the two Modarabas, the Group is in the process of determining the effect, although it also considers that effect shall not be material to the Group as a whole (including the remaining two subsidiaries).

- COVID-19-Related Rent Concessions (Amendment to IFRS 16) - the International Accounting Standards Board (the Board) has issued amendments to IFRS 16 (the amendments) to provide practical relief for lessees in accounting for rent concessions. The amendments are effective for periods beginning on or after 1 June 2020, with earlier application permitted. Under the standard's previous requirements, lessees assess whether rent concessions are lease modifications and, if so, apply the specific guidance on accounting for lease modifications. This generally involves remeasuring the lease liability using the revised lease payments and a revised discount rate. In light of the effects of the COVID-19 pandemic, and the fact that many lessees are applying the standard for the first time in their financial statements, the Board has provided an optional practical expedient for lessees. Under the practical expedient, lessees are not required to assess whether eligible rent concessions are lease modifications, and instead are permitted to account for them as if they were not lease modifications. Rent concessions are eligible for the practical expedient if they occur as a direct consequence of the COVID-19 pandemic and if all the following criteria are met:
 - the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
 - any reduction in lease payments affects only payments originally due on or before 30 June 2021; and
 - there is no substantive change to the other terms and conditions of the lease.

The above amendment is not likely to have any effect on the Group's consolidated financial statements.

- Interest Rate Benchmark Reform (IBOR) - Phase 2 which amended IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 is applicable for annual financial periods beginning on or after 1 January 2021, with earlier application permitted. The amendments introduce a practical expedient to account for modifications of financial assets or financial liabilities if a change results directly from IBOR reform and occurs on an 'economically equivalent' basis. In these cases, changes will be accounted for by updating the effective interest rate. A similar practical expedient will apply under IFRS 16 for lessees when accounting for lease modifications required by IBOR reform. The amendments also allow a series of exemptions from the regular, strict rules around hedge accounting for hedging relationships directly affected by the interest rate benchmark reforms. The amendments apply retrospectively with earlier application permitted. Hedging relationships previously discontinued solely because of changes resulting from the reform will be reinstated if certain conditions are met. The amendment is not likely to have any effect on the Group's consolidated financial statements.
- Onerous Contracts - Cost of Fulfilling a Contract (Amendments to IAS 37) effective for the annual period beginning on or after 1 January 2022 amends IAS 1 by mainly adding paragraphs which clarifies what comprise the cost of fulfilling a contract. Cost of fulfilling a contract is relevant when determining whether a contract is onerous. An entity is required to apply the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Restatement of comparative information is not required, instead the amendments require an entity to recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application. The amendment is not likely to have any effect on the Group's consolidated financial statements.

Annual Improvements to IFRS standards 2018-2020:

The following annual improvements to IFRS standards 2018-2020 are effective for annual reporting periods beginning on or after 1 January 2022:

- IAS 41 - The amendment removes the requirement in paragraph 22 of IAS 41 for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique.
- Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16) effective for the annual period beginning on or after 1 January 2022, clarifies that sales proceeds and cost of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc., are recognized in profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. An entity shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments. The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented.
- Reference to the Conceptual Framework (Amendments to IFRS 3) - Reference to the Conceptual Framework, issued in May 2020, amended paragraphs 11, 14, 21, 22 and 23 of and added paragraphs 21A, 21B, 21C and 23A to IFRS 3. An entity shall apply those amendments to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after 1 January 2022. Earlier application is permitted

if at the same time or earlier an entity also applies all the amendments made by Amendments to References to the Conceptual Framework in IFRS Standards, issued in March 2018.

- Extension of the Temporary Exemption from Applying IFRS 9 (Amendments to IFRS 4) - In response to concerns regarding temporary accounting mismatches and volatility, and increased costs and complexity, the Board issued amendments to IFRS 4 Insurance Contracts in 2017. The two optional solutions raised some considerations which required detailed analysis and management judgement. On the issue of IFRS 17 (Revised) Insurance Contracts in June 2020, the end date for applying the two options under the IFRS 4 amendments was extended to 1 January 2023, aligned with the effective date of IFRS 17.
- Classification of liabilities as current or non-current (Amendments to IAS 1) effective for the annual period beginning on or after 1 January 2022. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8.
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28) - The amendment amends accounting treatment on loss of control of business or assets. The amendments also introduce new accounting for less frequent transaction that involves neither cost nor full step-up of certain retained interests in assets that are not businesses. The effective date for these changes has been deferred indefinitely until the completion of a broader review.

The above amendments are not likely to have any effect on the Group's consolidated financial statements.

2.5 Critical accounting estimates and judgements

The preparation of these consolidated financial statements in conformity with approved accounting standards requires management to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities and income and expenses. It also requires management to exercise judgement in the application of its accounting policies. The estimates and assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

Significant accounting estimates and areas where judgements were made by management in the application of accounting policies are as follows:

- | | |
|-------|---|
| i) | Classification of investments (note 4.5.1) |
| ii) | Valuation and impairment of available-for-sale equity investments (note 4.5.2) |

| iv) | Depreciation and amortisation (note 4.7.2) |

3. BASIS OF MEASUREMENT

Accounting convention

These consolidated financial statements have been prepared under the historical cost convention except that certain investments are stated at market value, non-banking assets in satisfaction of claims are stated at revalued amount less accumulated depreciation and derivative financial instruments are carried at fair value as disclosed in notes 4.5, 4.9 and 4.10 respectively.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These have been consistently applied to all the years presented.

4.2 Basis of consolidation

These consolidated financial statements include the financial statements of the holding company and its subsidiaries. The financial statements of the subsidiaries are included in the consolidated financial statements from the date the control commences until the date the control ceases. In preparing consolidated financial statements, the financial statements of the holding company and subsidiaries are consolidated on a line by line basis by adding together like items of assets, liabilities, income and expenses. Significant inter-company balances and transactions have been eliminated.

Non-controlling interest is that portion of equity in a subsidiary that is not attributable, directly or indirectly, to the parent company. Non-controlling interests are measured at their proportionate share of the acquiree's identifiable net assets at the date of acquisition. Non-controlling interests are presented as a separate item in the consolidated financial statements.

4.3 Cash and cash equivalents

For the purpose of cash flow statement, cash and cash equivalents include cash and balances with treasury banks and balances with other banks less overdrawn nostro balances.

4.4 Lendings to / borrowings from financial institutions

The holding company enters into transactions of borrowing (repo) from and lending (reverse repo) to financial institutions, at contracted rates for a specified period of time. These are recorded as under:

Purchase under resale agreement (reverse repo)

Securities purchased with a corresponding commitment to resell at a specified future date (reverse repos) are not recognised in the statement of financial position and instead amounts paid under these arrangements are included in lendings to financial institutions. The difference between purchase and resale price is accrued as markup income on a pro-rata over the term of the agreement.

Other borrowings including borrowings from the SBP are recorded at the proceeds received. Mark up on such borrowing is charged to the profit and loss account on a time proportion basis.

Sale under repurchase agreement (repo)

Securities sold with a simultaneous commitment to repurchase at a specified future date (repos) continue to be recognised in the statement of financial position and are measured in accordance with accounting policies for investments and

counter party liability is included in borrowing from financial institutions. The difference between sale and repurchase price is accrued as markup expense on a pro-rata basis over the term of the repo agreement.

Bai muajjal

The securities sold under Bai muajjal agreement are derecognised on the date of disposal. Receivable against such sale is recognised at the agreed sale price. The difference between the sale price and the carrying value on the date of disposal is taken to income on straight line basis.

Certificate of investments (Musharaka)

Certificate of Investments (COI) are carried at principal amount in the consolidated financial statements. FHM and HMM invest the amount received from COI holders on the basis of full participation in the profit and loss. The profit is allocated between COI holders and certificate holders as per agreed ratio. Certificate holder's share of profit is recognized as financial expense in the period of its occurrence. On the basis of projected rate of profit, profit on musharaka finance is determined. After determination of the actual rate, the effect of any difference between actual and projected rate of profit is accounted for, at the end of each quarter.

4.5 Investments

4.5.1 Investments are classified as follows:

Held-for-trading

These are securities, which are either acquired for generating profit from short-term fluctuation in market prices, interest rate movements, dealers margin or are securities included in a portfolio in which a pattern of short-term trading exists.

Held-to-maturity

These are securities with fixed or determinable payments and fixed maturities that are held with the positive intention and ability to hold till maturity.

Available-for-sale

These are investments that do not fall under the held-for-trading or held-to-maturity categories.

4.5.2 Investments (other than held-for-trading) include transaction costs associated with the investments. In case of held-for-trading transaction costs are charged to profit and loss account when incurred.

All "regular way" purchases and sales of investments are recognised on the trade date, i.e., the date that the Bank commits the purchase or sell the asset. Regular way purchases or sales are purchases or sales of investments that require delivery of assets within the time frame generally established by regulation or convention in the market place.

In accordance with the requirements of the SBP, quoted securities, other than those classified as held-to-maturity are carried at market value. Investments classified as held-to-maturity are carried at amortised cost less impairment losses, if any.

Unrealised surplus / deficit arising on the revaluation of the Group's held-for-trading investment portfolio is taken to the profit and loss account. Surplus / deficit arising on revaluation of quoted securities classified as available-for-sale is kept in a separate account shown in equity. Surplus / deficit arising on these securities is taken to the profit and loss account when actually realised upon disposal or when the investment is considered to be impaired.

Unquoted equity securities are valued at the lower of cost and break-up value. Break-up value of these securities is calculated as per the latest available audited financial statements. Investments in other unquoted securities are valued at cost less impairment losses, if any.

Provision for diminution in the value of term finance certificates and sukuk certificates are made as prescribed under Prudential Regulation issued by the SBP.

Provision for impairment in the value of available-for-sale and held-to-maturity securities (other than Federal Government securities, term finance certificates and sukuk certificates) is made after considering objective evidence of impairment, if any, in their value (as a result of one or more events that may have an impact on the estimated future cash flows of the investments). A significant or prolonged decline in the fair value of an equity investment below its cost is also considered an objective evidence of impairment. Impairment losses are taken to profit and loss account.

4.6 Advances (including net investments in finance lease and ijarah arrangements)

4.6.1 Loans and advances

Loans and advances and net investments in finance lease are stated net of provision for loan losses against non-performing advances. Provision for loan losses is made in accordance with the Prudential Regulations issued by the SBP and the SECP is charged to profit and loss account. The Group also maintains general provision in addition to the requirements of the Prudential Regulations on the basis of management's assessment of credit risk characteristics and general banking risk such as nature of credit, collateral type, industry sector and other relevant factors. Murabaha receivables are stated at gross amount receivable less deferred income and provisions, if any. Advances are written-off in line with the Group's policy when there are no realistic prospects of recovery.

4.6.2 Finance lease receivables

Leases where the holding company transfers substantially all the risks and rewards incidental to ownership of an asset to the lessee are classified as finance lease. A receivable is recognised at an amount equal to the present value of the minimum lease payments including guaranteed residual value, if any. Finance lease receivables are included in advances to the customers.

4.6.3 Islamic finance and related assets

Ijarah

In accordance with the requirements of IFAS 2 for the accounting and financial reporting of "Ijarah", ijarah arrangements by the Islamic banking branches and modarabas are accounted for as 'assets held under ijarah' and are stated at cost less accumulated depreciation, residual value and impairment losses, if any. Accordingly, assets subject to ijarah have been reflected in note 10 to these consolidated financial statements under "Advances". Rental income on these ijarah is recognised in the profit and loss account on a time proportion basis, while depreciation is calculated on ijarah assets on a straight line basis over the period of ijarah from the date of delivery of respective assets to mustajir (lessee) up to the date of maturity / termination of ijarah agreement and is charged to the profit

and loss account. The classification and provisioning of ijarah assets is done in line with the requirements laid down in the Prudential Regulations issued by the SBP and SECP, and are recognised in the profit and loss account.

Diminishing musharaka

In diminishing musharaka based financing, the Group enters into a musharaka based on shirkat-ul-milk for financing an agreed share of fixed asset (e.g. house, land, plant or machinery) with its customers and enters into periodic profit payment agreement for the utilization of the Group's mushariki share by the customer. Income from these transactions are recorded on an accrual basis.

Istisna

In istisna financing, the Group places an order to purchase some specific goods / commodities from its customers to be delivered to the Group within an agreed time. The goods are then sold and the amount financed is paid back to the Group.

Al-bai

The product is based on the Islamic mode "musawamah". Musawamah is a general kind of sale in which price of the commodity to be traded is agreed between seller and the buyer without any reference to the cost incurred and profit charged by the former.

Murabaha

Murabaha receivables are stated at gross amount receivable less deferred income and provisions, if any.

4.7 Fixed assets

4.7.1 Capital work-in-progress

These are stated at cost less impairment losses, if any.

4.7.2 Property and equipment

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any, except for freehold land which are stated at cost less accumulated impairment losses, if any.

Depreciation is calculated on a straight-line basis over the estimated useful life of the asset at the rates specified in note 11.2. Depreciation on additions during the year is calculated from the date of addition. In case of disposals during the year, the depreciation is charged up till the date of disposal.

Subsequent cost are included in the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the profit and loss account.

An item of property and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is recognised in the profit and loss account in the year the asset is derecognised.

The residual values, useful lives and depreciation methods are reviewed and changes, if any, are treated as change in accounting estimates, at each statement of financial position date.

4.7.3 Right-of-use assets

A contract is, or contains a lease if the contract conveys a right to control the use of an identified asset for a long period of time in exchange for consideration. The Group mainly leases properties for its operations. The Group recognizes a right-of-use asset and lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, and subsequently at cost less any accumulated depreciation and impairment losses, and adjusted for certain remeasurements of the lease liability. The right-of-use asset is depreciated using the straight line method from the commencement date to the earlier of end of the useful life of right-of-use asset or end of the lease term. The estimated useful lives of assets are determined on the same basis as that for owned assets. In addition, the right-of-use asset is periodically reduced by impairment losses, if any.

4.8 Intangible assets

Intangible assets with definite useful life are stated at cost less accumulated amortisation and impairment, if any. The cost of intangible assets are amortised from the month when the assets are available for intended use, using the straight line method, whereby the cost of the intangible asset is amortised over its estimated useful life over which economic benefits are expected to flow to the Group. The useful life and amortisation method is reviewed and adjusted, if appropriate, at each statement of financial position date.

Intangible assets with indefinite useful life are initially measured at cost being the consideration paid. After initial recognition, these are measured at cost less any accumulated impairment losses. They are tested for impairment annually or whenever there is an indication of impairment as per the requirement of International Accounting Standard (IAS) 36, 'Impairment of Assets'. Impairment is recognised in the profit and loss account.

4.9 Non-banking assets

Non-banking assets acquired in satisfaction of claims are carried at revalued amounts less accumulated depreciation and impairment, if any. These assets are revalued by professionally qualified valuers with sufficient regularity to ensure that their net carrying value does not differ materially from their fair value. A surplus arising on revaluation of property is credited to the 'surplus on revaluation of non-banking assets' account and any deficit arising on revaluation is taken to profit and loss account directly. Legal fees, transfer costs and direct costs of acquiring title to property is charged to profit and loss account.

4.10 Derivative financial instruments

Derivative financial instruments are initially recognised at fair value at the date on which the derivative contract is entered into and are subsequently remeasured at fair value. All derivative financial instruments are carried as asset when fair value is positive and liabilities when fair value is negative. Any change in the value of derivative financial instruments is taken to the profit and loss account.

4.11 Provisions

Provision against identified non-funded losses is recognised when intimated and reasonable certainty exists for the Group to settle the obligation. The loss is charged to the profit and loss account net of expected recovery and is classified under other liabilities.

Other provisions are recognised when the Group has a legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each statement of financial position date and are adjusted to reflect the current best estimate.

4.12 Taxation

Income tax expense comprises current and deferred tax. Income tax expense is recognised in the profit and loss account except to the extent that it relates to the items recognised directly in equity, in which case it is recognised in equity.

4.12.1 Current

Provision for current taxation is based on taxable income for the year at the current rates of taxation after taking into consideration available tax credits and rebates. The charge for the current tax also includes adjustments where considered necessary, relating to prior years which arise from assessments framed / finalised during the year.

4.12.2 Deferred

Deferred tax is recognised using the balance sheet liability method on all major temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and amount used for taxation purposes. Deferred tax is measured at the tax rate that are expected to be applied on the temporary differences when they reverse, based on the tax rates that have been enacted or substantially enacted at the reporting date.

A deferred tax asset is recognised only to the extent that it is probable that the future taxable profit will be available against which the asset can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

The Group also recognises deferred tax asset / liability on deficit / surplus on revaluation of assets and actuarial gain / losses recognised in other comprehensive income, which is adjusted against the related deficit / surplus.

4.13 Deposits

Deposits are recorded at the amount of proceeds received. The cost of deposits is recognised as an expense on an accrual basis in the period in which it is incurred.

4.14 Employees' benefits

4.14.1 Retirement benefits

Defined benefit plan

The Group operates approved funded gratuity schemes for all its permanent employees. Retirement benefits are payable to the members of the schemes on the completion of prescribed qualifying period of service under the scheme. Contribution is made in accordance with the actuarial recommendation. The actuarial valuation is carried out annually as at the statement of financial position date using the "Projected Unit Credit Actuarial Cost Method".

All actuarial gains and losses are recognised in other comprehensive income as they occur.

Past service cost resulting from changes to defined benefit plans is recognised in the profit and loss accounts.

Defined contribution plan

The holding company and a subsidiary operates a recognised provident fund schemes for all its regular employees, which is administered by the Board of Trustees. Contributions are made by the Group and its employees, to the fund at the rate of 10% of basic salary.

4.14.2 Compensated absences

Unrealised income on classified leases is recognised on receipt basis.

If any such indication exists, the recoverable amount of relevant asset is estimated. Recoverable amount is the greater of the net selling price and value in use. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the assets is reduced to its recoverable amount. The resulting impairment loss is recognised as an expense immediately. An impairment loss is reversed if the reversal can be objectively related to an event occurring after the impairment loss was recognised.

10.5.4 Consideration of forced sales value (FSV) for the purposes of provisioning against non-performing loans

During the current year, the holding company availed additional forced sale value (FSV) benefit under BSD Circular No. 1 of 21 October 2011. This has resulted in reduction of provision against non-performing loans and advances by Rs. 156,904 thousand (2019: 315,348 thousand). Further, as of 31 December 2020, had the benefit of FSVs (including those availed in prior years) not been taken by the holding company, the specific provision against non-performing advances would have been higher by Rs.156,904 thousand (2019: Rs. 1,598,972 thousand) and accumulated profit would have been lower by Rs. 101,988 thousand (2019: Rs. 1,039,332 thousand). This amount of Rs. 101,988 thousand (2019: Rs. 1,039,332 thousand) is not available for distribution of cash and stock dividend to the shareholders and bonus to employees.

These risks are regularly monitored by the Trustees of the employees' funds.

35.10 Sensitivity analysis

Sensitivity analysis has been performed by varying one assumption keeping all other assumptions constant and calculating the impact on the present value of the defined benefit obligations under the various employee benefit schemes. The increase / (decrease) in the present value of defined benefit obligations as a result of change in each assumption is summarized below:

	2020 Rupees in '000
1 % increase in discount rate	(161,151)
1 % decrease in discount rate	188,689
1% increase in expected future increment in salary	189,324

10% increase in expected withdrawal rate	737
10% decrease in expected withdrawal rate	(763)
1% increase in expected mortality rate	891
1% decrease in expected mortality rate	(217)

Although the analysis does not take account of the full distribution of expected cash flows, it does provide an approximation of the sensitivity of the assumptions shown.

35.12 Expected charge for the next financial year

35.13 Maturity profile

The weighted average duration of the obligation is 10 years.

35.14 Funding Policy

The Group has the policy to make annual contributions to the fund based on actuarial report.

35.15 Significant risk associated with the staff retirement benefit schemes include:

Asset volatility	The risk of the investment underperforming and being not sufficient to meet the liabilities
Changes in bond yields	The duration of the liabilities is 10 Years. Based on the weighted average duration of this plan and guidance from Pakistan Society of Actuaries ("PSOA"), the discount rate used for the calculations is 12.75% per annum.
Inflation risk	The risk that the final salary at the time of cessation of service is greater than what we assumed. Since the benefit is calculated on the final salary (which will closely reflect inflation and other macroeconomic factors), the benefit amount increases as salary increases.
Mortality rate	The risk that the actual mortality experience is different than the assumed mortality. This effect is more pronounced in schemes where the age and service distribution is on the higher side.
Withdrawal rate	The risk of actual withdrawals experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and the entitled benefits of the beneficiary.

36. DEFINED CONTRIBUTION PLAN

The Group operates contributory provident fund schemes for permanent employees. The employer and employee each contribute 10% of the basic salary to the funded schemes every month. Investments out of provident fund have been made in accordance with the provision of section 218 of the Companies Act, 2017.

Number of the members participating in the funds at the end of the year 30 June 2020 as per accounts are 3,813 (30 June 2019: 3,649).

38. FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than investment those classified as held-to-maturity, is based on quoted market price. Quoted securities classified as held-to-maturity are carried at cost. The fair value of unquoted equity securities is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

38.1 Fair value of financial assets

The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the assets or liabilities that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

42. RISK MANAGEMENT

Risk management aspects are embedded in the holding company's strategy, organization structure and processes. The holding company has adopted a cohesive risk management structure for credit, market, liquidity and operational risk with an integrated approach to strengthen the process and system as controls are more effective and valuable when built into the process. Effective risk management is considered essential in the preservation of the assets and long-term profitability of the holding company. Clear guidelines and limits, which are under regular review, are backed by a system of internal controls and independent audit inspections. Internal reporting / MIS are additional tools for measuring and controlling risks. Separation of duties is also embedded in the holding company's system and organization.

42.1 Credit Risk

Credit risk arises from the possibility that the counterparty in a transaction may default. It arises principally in relation to the lending and trade finance business carried out by the holding company.

As per Basel II methodology the gross credit risk weighted exposure incorporating relevant credit conversion factor is Rs. 309,393,711 thousand (2019: Rs. 273,659,520 thousand) as depicted in note 41.

The Group's strategy is to minimize credit risk through a strong pre-disbursement credit analysis, approval and risk measurement process added with product, geography and customer diversification. The holding company, as its strategic preference, extends trade and working capital financing, so as to keep the major portion of exposure (funded and non-funded) on a short-term, self-liquidating basis. Major portion of the holding company's credit portfolio is priced on flexible basis with pricing reviewed on periodic basis.

Centralized credit and trade processing centres staffed with experienced resource provide strength to post-disbursement aspect of credit risk management.

The Group's credit policy / manual defines the credit extension criteria, the credit approval and monitoring process, the loan classification system and provisioning policy.

The Group continually assesses and monitors credit exposures. The Group follows both objective and subjective criteria of SBP regarding loans classification. The subjective assessment process is based on management's judgement with respect to the borrower's character, activity, cash flow, capital structure, security, quality of management and delinquency.

The Group uses the 'Standardised Approach' in calculation of credit risk and capital requirements.

The Group uses reputable and the SBP approved rating agencies for deriving risk weight to specific credit exposures. These are applied consistently across the Group credit portfolio for both on-balance sheet and off-balance sheet exposures. The methodology applied for using External Credit Assessment Institutions (ECAI's) inclusive of the alignment of alpha numeric scale of each agency used with risk bucket is as per SBP guidelines as is given below:

42.3 Operational Risk

The Group operates in a controlled manner and operational risk is managed effectively. With the evolution of operational risk management (ORM) into a separate distinct discipline, the Group's strategy is to further strengthen operational risk management system along new industry standards.

The holding company's ORM strategy takes guidance from Basel - II, the SBP guidelines and best industry practices.

The holding company's ORM framework includes Risk Control Self-Assessment (RCSA), Key Risk Indicators (KRIs), Operational Risk Events Management, and Change Risk Assessment. The ORM unit engages with the holding company's business/support units and regularly collaborates in determining and reviewing the inherent operational risks, and assessment of residual risk leading to improved quality of control infrastructure and further strengthening of the processes & management information.

The Group's business continuity plan includes risk management strategies to mitigate inherent risk and prevent interruption of mission critical services caused by disaster event. The Business Continuity Management function with the support of the senior management remained extremely active during the pandemic to ensure that stakeholders remained safe, all critical services and processes of the Group remain operational and any contingency arising is dealt appropriately. The Group's operational risk management governance has been further strengthened through the establishment of a separate Operational Risk and Control Committee.

The Group uses Basic Indicator Approach (BIA) for regulatory capital at risk calculation for operational risk. Under BIA the capital charge for operational risk is a fixed percentage of average positive annual gross income of the Bank over the past three years. Figures of capital charge of operation risk for the year is Rs. 4,419,978 thousand (2019: Rs. 3,445,426 thousand).

42.4 Liquidity Risk

Liquidity risk is the risk that the Group will not be able to raise funds to meet its commitments.

Governance of Liquidity risk management

The ALCO continuously monitors the liquidity position and the Group is confident that the current liquidity buffer is sufficient to cater to any adverse movement in the maturity profile.

Liquidity and related risks are managed through standardized processes established in the Group. The management of liquidity risk within the Group is undertaken within limits and other parameters set by the BoD. The holding company's treasury function has the primary responsibility for assessing, monitoring and managing the holding company's liquidity and funding strategy while overall compliance is monitored and coordinated by the ALCO. The Board and senior management are apprised of the Group's liquidity profile to ensure proactive liquidity management. Treasury Middle Office being part of the risk management division is responsible for the independent identification, monitoring and analysis of intrinsic risks of treasury business. The Group has in place duly approved Treasury investment policy and strategy along with liquidity risk tolerance/appetite levels. These are communicated at various levels so as to ensure effective liquidity management for the Group.

Liquidity position of the Group remained strong in spite of approving deferment requests of principal & restructured loan, in line with the SBP directives. The holding company's strong deposit base backed by continued customer confidence and holding of government securities has enabled the Group to maintain a robust liquidity profile, also depicted through a strong LCR ratio.

Funding Strategy

The Group's liquidity model is based on "self-reliance" with an extensive branch network to diversify the holding company deposit base. Further, the holding company can also generate liquidity from interbank market against government securities to fund its short term requirement, if any. The holding company as a policy invests significantly in highly liquid government securities that can be readily converted into cash to meet unforeseen liquidity requirements, besides yielding attractive returns.

Liquidity Risk Mitigation techniques

Various tools and techniques are used to measure and evaluate the possible liquidity risk. These include regular monitoring of different liquidity ratios against approved triggers and communication to senior management and the ALCO. Further, the Group also prepares the maturity profile of assets and liabilities to keep track of liquidity gaps over different time buckets. The holding company also ensures that statutory cash and liquidity requirements are maintained at all times.

Liquidity Stress Testing

As per the SBP BSD Circular No. 1 of 2012, Liquidity stress testing is being conducted under well-defined stress scenarios. Results of same are escalated at the senior level so as to enable the senior management to take proactive actions to avoid liquidity crunch.

Contingency Funding Plan

Contingency Funding Plan (CFP) is a part of liquidity management framework of the Group which defines and identifies the factors that can instigate a liquidity crisis and the actions to be taken to manage the crisis. The Group has a comprehensive liquidity contingency funding plan in place, which highlights liquidity management strategy to be followed under stress conditions. Contingency Event Management parameters and responsibilities are also incorporated in order to tackle the liquidity crisis. Moreover, CFP highlights possible funding sources focusing on self-reliance, in case of a liquidity crisis.

انٹرنل آڈٹ

حبیب میٹرو ایک موثر بورڈ آڈٹ کمیٹی کا حامل ہے جو سکیورٹیز اینڈ ایکسچینج کمیشن آف پاکستان کی جانب سے طے کردہ اور اسٹیٹ بینک آف پاکستان کی جانب سے مروجہ لسطہ کمپنیز (کوڈ آف کارپوریٹ گورننس) ریگولیشنز 2019ء کے تحت کام کرتی ہے۔ بورڈ کی آڈٹ کمیٹی آزاد ائزیکٹرز پر مشتمل ہے اور اس کی سربراہی ایک آزاد ائزیکٹر کے سپرد ہے۔

بورڈ آڈٹ کمیٹی کو براہ راست رپورٹ کرتے ہوئے، انٹرنل آڈٹ فعال طور پر برانچوں کے آڈٹ، آپریشنز اور بینک کی اہم سرگرمیوں کیلئے خطرات پر مبنی مکینک نظر کا استعمال کرتا ہے اور اس کیساتھ ضرورت کے تحت اصلاحی اقدامات اور کنٹرول کی خامیوں کے تدارک پر خصوصی توجہ دیتا ہے۔

انٹرنل آڈٹ حبیب میٹرو کی تیسری دفاعی لائن کی حیثیت سے، بینک کے مجموعی کنٹرول کے ماحول میں بنیادی عنصر ہے۔ جو کہ انتظامیہ اور بورڈ کو بینک کے انٹرنل کنٹرول سسٹم کا جائزہ لیکر غیر جانبدار یقین دہانی فراہم کرتا ہے۔ انٹرنل کنٹرول ڈویژن گورنگ اتھارٹیز کو معقول یقین دہانی فراہم کرنے کیلئے بینک کی پالیسیاں، معاملات، سسٹم اور کنٹرولز کا جائزہ لیتا ہے اور رسک میں کمی کیلئے امداد فراہم کرتا ہے۔

مستقبل پر ایک نظر

افراط زر کے دباؤ میں کمی کے ساتھ یہ توقع کی جا رہی ہے کہ اوسطاً افراط زر مالی سال 2021ء کیلئے بھی گزشتہ اعلان کردہ سطح 9-7 فیصد کی حدود میں رہے گا اور مستقبل قریب تک اس کی سطح 5-7 فیصد رہنے کی توقع ہے۔

نئی شعبے کیلئے اسٹیٹ بینک آف پاکستان کی پیشگوئی ہے کہ مالی سال 2021ء کے دوران یہ 2 فیصد کی معمولی گروتھ حاصل کر سکے گا جبکہ مالی سال 2021ء کیلئے کرنٹ اکاؤنٹ خسارہ جی ڈی پی کے ایک فیصد سے چلی سطح پر رہنے کی پیشگوئی کی گئی ہے۔

آنے والے عرصے میں حبیب میٹرو شیئر ہولڈرز کے مفادات کا تحفظ کرنے پر کاربند ہے اور ایک جدید ترین ٹیکنالوجیکل پلیٹ فارم کے تحت تیار کی گئی مالیاتی پروڈکٹس کے ایک مختلف معیار کے ذریعے اپنے صارفین کے لئے بہترین اور شاندار خدمات کا اضافہ کرتا رہے گا۔ بینک کا ہدف نامیاتی ترقی اور نئے کلائنٹس، کم لاگت ڈپازٹس کا فروغ، اثاثوں کے معیار میں بہتری اور باکفایت کارکردگی میں اضافہ ہے۔

گرین بینکنگ بینکاری کے شعبے میں ایک اُبھرتا ہوا تصور ہے جو ماحول دوست بینکاری کے طریقہ کار کو مربوط بناتا ہے تاکہ طویل و پائیدار گروتھ حاصل کی جاسکے۔ بحیثیت ایک محتاط ریگولیٹڈ اسٹیٹ بینک آف پاکستان نے گرین بینکنگ گائیڈ لائنز متعارف کرائی ہیں اور اس کے مطابق بینکوں کو ماحول دوست طریقہ کار اپنانے اور ایک ”گرین پورٹ فولیو“ قائم کرنے پر زور دے رہا ہے۔

ریگولیٹری توقعات پر پورا اترنے کے ضمن میں، حبیب میٹرو نے ایک گرین بینکنگ پالیسی کا نفاذ کیا ہے، جس کو درج ذیل تین شعبوں میں تقسیم کیا گیا ہے۔

کشمکش

ڈائریکٹرز رپورٹ برائے شیئر ہولڈرز

عزیز شیئر ہولڈرز،

بورڈ آف ڈائریکٹرز کی جانب سے میرے لئے یہ امر باعث مسرت ہے کہ آپ کے سامنے 31 دسمبر 2020ء کو ختم ہونے والے مالی سال کیلئے حبیب میٹرو پولیٹن بینک (حبیب میٹرو) کے سالانہ حسابات پیش کر رہا ہوں۔

اقتصادی اور بینکاری کا جائزہ

سال 2020ء، COVID-19 (کورونا وائرس) کے سائے تلے گھرا ہوا اور بلاء کے باعث صحت کی دیکھ بھال، سماجی اور معاشی صورتحال پر منفی اثرات مرتب ہوئے۔ سال کا بیشتر حصہ کورونا وائرس کے سبب آنے والے چیلنجز سے لڑتے ہوئے گزرا جبکہ سال کے آخری 2 ماہ میں پاکستان کی معیشت قدر بحال ہوئی۔

معیشت کی بحالی کا سلسلہ جولائی سے شروع ہوا اور سال کے آخر میں اس کی رفتار بڑھ گئی۔ بڑے سطح پر مینوفیکچرنگ میں مالی سال 2021ء کے چھ ماہ میں سال بہ سال کی بنیاد پر 7.4 فیصد کا اضافہ ہوا جبکہ گزشتہ سال اسی مدت کے دوران 5.3 فیصد کمی آئی تھی۔

ستمبر 2020ء اور اکتوبر 2020ء میں 9 فیصد تک برقرار رہنے کے بعد نومبر 2020ء میں شہ سرخ افراط زر 8.3 فیصد تک گر گیا جو دسمبر 2020ء میں 8 فیصد پر آگئی جو کہ اشیائے خورد و نوش میں افراط زر کم ہونے کے باعث جون 2019ء کے بعد سے کم ترین شرح پر تھا۔

کرنٹ اکاؤنٹ میں مالی سال 2021ء کی پہلی ششماہی میں 1.1 بلین امریکی ڈالر سرپلس رہا جبکہ اس کے برخلاف گزشتہ سال کی اسی مدت کے دوران 2 بلین امریکی ڈالر کا خسارہ ہوا تھا۔ یہ بہتری بنیادی طور پر بیرون ملک کام کرنے والے ورکرز کی ترسیلات زر کی وجہ سے آئی جو رواں مالی سال کے دوران ہر ماہ 2 بلین امریکی ڈالر سے زائد رہے۔ برآمدات بھی COVID سے پہلے کی سطح پر بحال ہوتے ہوئے ستمبر 2020ء سے ماہانہ لگ بھگ 2 بلین امریکی ڈالر تک رہیں تاہم کرنٹ اکاؤنٹ نے مسلسل 5 ماہ کے سرپلس کے بعد دسمبر 2020ء میں 662 بلین امریکی ڈالر کا خسارہ ظاہر کیا کیونکہ معاشی سرگرمیاں بڑھنے کے بعد مشینری اور صنعتی خام مال کی درآمدات میں اضافہ ہو گیا تھا۔ اس کے ساتھ مقامی مارکیٹ میں بڑھتی ہوئی طلب اور رسد میں کمی آ جانے کی وجہ سے گندم اور چینی کی درآمدات بھی بڑھ گئیں۔ اسٹیٹ بینک آف پاکستان کے غیر ملکی زرمبادلہ کے ذخائر 13 بلین امریکی ڈالر تک بڑھ گئے جو دسمبر 2017ء کے بعد سے سب سے بلند ترین سطح پر ہے۔

سالانہ بجٹ کے اندر مالیاتی نظم و ضبط برقرار رہا کیونکہ حکومت نے اسٹیٹ بینک آف پاکستان سے کوئی نیا قرضہ نہیں لیا تھا۔ بلند شرح سود کی ادائیگیوں اور COVID سے متعلق عوامی اخراجات کے باوجود مالی خسارے میں کمی کے سبب ریونیو میں بھاری اضافہ ہوا۔ مالی سال 2021ء کے دوران ایف بی آر کار ریونیو سال بہ سال 5 فیصد تک بڑھ گیا۔

نئی شعبے کے کریڈٹ نے حوصلہ افزاء رجحان ظاہر کیا اور ایس بی پی کی ری۔ فنانس سہولتوں کی وجہ سے کٹریو اور فکسلڈ انویسٹمنٹس میں مستقل اضافہ ہوا۔ زیادہ تر معاشی اشاریے کاروبار اور سرمایہ کاروں کے رجحانات میں مستقل بہتری کے آثار ظاہر کر رہے ہیں۔

سال بہ سال 22.2 فیصد کی بہتری کے ذریعے بینکنگ سیکٹر کے ڈپازٹ کی بنیادی شرح نے مناسبت گرتھ ظاہر کی اور دسمبر کے آخر تک 17.88 ٹریلین روپے تک جانچتی اس دوران ایڈوانسز 4.1 فیصد تک بڑھ گئے اور 8.5 ٹریلین روپے پر موجود تھے جبکہ سرمایہ کاریوں میں 31.2 فیصد کی بہتری ہوئی اور 11.55 ٹریلین روپے پر ریکارڈ کی گئی۔

اسٹیٹ بینک آف پاکستان نے 2020ء میں مجموعی طور پر پالیسی ریٹ میں 625 بنیادی پوائنٹس کمی کی (2019ء: میں 325 بنیادی پوائنٹس کے اضافے کے برخلاف) 22 جنوری 2021ء کو جاری کردہ نامی پالیسی اسٹیٹمنٹ میں اسٹیٹ بینک آف پاکستان نے پالیسی ریٹ کو تبدیل کئے بغیر 7 فیصد کی شرح پر برقرار رکھا۔

سال کے دوران بینک کی کارکردگی

اللہ تعالیٰ کے فضل و کرم سے حبیب میٹرو کا آپریٹنگ منافع برائے سال رواں 100 فیصد تک بڑھ کر 23,538 ملین روپے تک جا پہنچا جو سال 2019ء کے اختتام پر مقابلہ 11,644 ملین روپے تھا۔ یہ بنیادی طور پر کور انٹرسٹ مارجن میں بہتری کا نتیجہ ہے۔ تاہم زیادہ پرویزنگ کے باعث منافع قبل از ٹیکس 78 فیصد کے اضافے کے ساتھ 20,037 ملین روپے پر رہا جبکہ اس کے مقابلے میں گزشتہ سال یہ 11,238 ملین روپے تھا نتیجتاً بعد از ٹیکس آمدنی فی شیئر 11.46 روپے رہی۔

Deduction of Withholding Tax from Dividend

The Government of Pakistan through Finance Act, 2020 has made certain amendments in section 150 of the Income Tax Ordinance, 2001 whereby different rates prescribed for deduction of withholding tax on the amount of dividend paid by the companies. These tax rates are as under:

- (a) For filers of income tax returns: 15%
- (b) For non-filers of income tax returns: 30%

To enable the Bank to make tax deduction on the amount of cash dividend @ 15% instead of 30%, all shareholders whose names are not entered in the Active Tax-Payers List (ATL) provided on the website of Federal Board of Revenue (FBR), despite the fact that they are filers, are advised to make sure that their names are entered into ATL at the earliest possible (as and when declared) otherwise tax on their cash dividend will be deducted @ 30%.

For shareholders holding their shares jointly as per the clarification issued by the FBR withholding tax will be determined separately on 'Filer/Non-Filer' status of Principal shareholder as well as joint-holder(s) based on their shareholding proportions. Therefore, all shareholders who hold shares jointly are required to provide shareholding proportions of Principal Shareholder and Joint-holder(s) in respect of shares held by them follows:

Folio / CDC account no.	Total shares	Principal Shareholder		Joint Shareholder(s)	
		Name and CNIC no.	Shareholding proportion (no. of shares)	Name and CNIC no.	Shareholding proportion (no. of shares)

In case of non-receipt above information, the shareholding will be divided among the joint-holders equally.
