2. BASIS OF PRESENTATION

2.1 These consolidated condensed interim financial statements represent separate financial statements of the Group. The consolidated financial statements of the Bank and its subsidiary companies are being separately issued.

2.2 Statement of Compliance

These consolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards for interim financial reporting comprise of:

- International Accounting Standard (IASB) 34 "Interim Financial Reporting" issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan (ICAP), as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
- Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission
 of Pakistan (SFCP) from time to time.

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of the IFRS or IFAS, requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

The SBP has deferred the applicability of International Accounting Standard (IAS) 40, 'Investment Property' for banking companies through BSD Circular Letter No. 10 dated August 26, 2002 till further instructions. Further, the SECP has deferred the applicability of International Financial Reporting Standard (IFRS) 7, 'Financial Instruments: Disclosures' on banks through its notification S.R.O 411(I)/2008 dated April 28, 2008. The SBP through BPRD Circular No. 04 of 2015 dated February 25, 2015 has deferred the applicability of Islamic Financial Accounting Standard for Profit and Loss Sharing on Deposits (IFAS-3) issued by the ICAP and notified by the SECP, vide their SRO No. 571 of 2013 dated June 12, 2013 for Institutions offering Islamic Financial Services (IIFS). Accordingly, the requirements of these standards have not been considered in the preparation of these consolidated condensed interim financial statements.

The SBP through BPRD Circular No. 16 dated July 29, 2024 has allowed Islamic banking institutions to follow Islamic Financial Accounting Standards (IFAS) 1 & 2 where applicable and continue existing accounting practices for other Islamic products until further instructions.

The disclosures and presentation made in these consolidated condensed interim financial statements are based on a format prescribed by the SBP vide BPRD Circular Letter No. 2 dated February 09, 2023 and IAS 34, Interim Financial Reporting. They do not include all the disclosures required for annual financial statements, and these consolidated condensed interim financial statements should be read in conjunction with the audited consolidated financial statements of the Group for the year ended 31 December 2024.

2.3 Standards, interpretations of and amendments to published approved accounting and reporting standards that are effective in the current period

There are certain new and amended standards, interpretations and amendments that are mandatory for the Group's accounting periods beginning on or after January 1, 2025 but are considered not to be relevant or do not have any material effect on the Group's operations.

2.4 Standards, interpretations of and amendments to published approved accounting and reporting standards that are not yet effective

There are certain new and amended standards, issued by International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Group's accounting periods beginning on or after January 1, 2026 but are considered not to be relevant or do not have any material effect on the Group's operations and therefore not detailed in these consolidated condensed interim financial statements.

(D..... - - - !-- 1000)

Furthermore, the following standards, amendments and interpretations with respect to the accounting and reporting standards would be effective from the dates mentioned below against the respective standards, amendments or interpretations:

Standards, interpretations of and amendments:	Effective date (annual periods beginning on or after)
Amendments to the Classification and Measurement of Financial Instruments - Amendments to IFRS 9 & IFRS 7	1 January 2026
Amendments to IFRS 10 Consolidated Financial Statements	1 January 2026
IFRS 18 - Presentation and Disclosure in Financial Statements	1 January 2027

The above amendments are not expected to have any material impact on the consolidated condensed interim financial statements of the Group.

3. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in preparation of these consolidated condensed interim financial statements are consistent with those as applied in the preparation of consolidated annual financial statements of the Group for the year ended December 31, 2024 except for requirements of IFRS 9 relating to unlisted equity instruments, subsidised loans to staff and borrowings from SBP and lendings to customers under SBP Temporary Economic Refinance Facilty (TERF) scheme as explained in note 3.1 and 3.2 respectively.

3.1 Unlisted Equity Securities

In accordance with BPRD Circular Letter No. 16 dated July 29, 2024, SBP has relaxed the banks for the application of IFRS 9 'Financial Instruments' to measure unlisted equity securities at fair value under IFRS 13 effective from 01 January 2025. Therefore, the Bank has taken the impact of fair value adjustment to equity at the beginning of the current accounting period with modified retrospective approach for restatement permitted under IFRS 9. The impact of application as at 01 January 2025 is shown below:

	(Rupees in 1000)
Increase in investments	77,830
Increase in deferred tax liabilities	(40,472)
Increase in surplus on revaluation of assets - net of tax	37,358

3.2 IFRS 9 'Financial Instruments' – Restatement of corresponding figures of the current period due to subsequent adjustments on adoption of IFRS 9

The Group adopted IFRS 9 in accordance with the application instructions, effective January 1, 2024, using the modified retrospective approach for restatement as permitted under the standard. In the annual audited financial statements for the year ended December 31, 2024, the cumulative net of tax impact of the initial application amounted to Rs. 461.044 million, which was recorded as an adjustment to equity at the beginning of the comparative accounting period.

Further, pursuant to the extended implementation timelines provided by SBP under BPRD Circular Letter No. 16 dated July 29, 2024, and BPRD Circular Letter No. 01 dated January 22, 2025, the Bank was required to apply fair value measurement to subsidised staff financing, implement modification accounting for financial assets and liabilities, and recognise income using the effective yield rate (EIR) method, with effect from the last quarter of 2024. However, in line with the SBP via its letter no. BPRD/RPD/854478/25 dated February 3, 2025, the recognition of income on EIR has been further deferred till December 31, 2025.

Therefore, the comparative figures for the half year ended June 30, 2024, presented in these consolidated condensed interim statement of profit and loss account, condensed interim statement of comprehensive income and condensed interim statement of changes in equity for the half year ended June 30, 2025, have been restated to reflect the above changes.

The effect of the restatement on the financial statements is summarised below:

21.2 Under the Workers' Welfare Ordinance 1971, the Bank is liable to pay workers' welfare fund (WWF) @ 2% of accounting profit before tax or taxable income, whichever is higher. The Bank has made full provision for WWF based on profit for the respective years.

The Supreme Court of Pakistan vide its order dated 10 November 2016 has held that the amendments made in the law introduced by the Federal Government for the levy of WWF were not lawful. The Federal Board of Revenue has filed review petitions against this order which are currently pending.

Legal advice obtained on the matter indicates that consequent to filing of these review petitions the judgement may not currently be treated as conclusive. Accordingly the Bank maintains its provision in respect of WWF.

35. FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than investment those classified as amortised cost, is based on quoted market price. Quoted securities classified as amortised cost are carried at cost. The fair value of unquoted equity securities is determined on the basis of valuation methodologies.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

The fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since they are either short-term in nature or, in the case of customer advances, deposits and certain long term borrowings are frequently repriced.

35.1 Fair value of financial assets

The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurements using input for the assets or liabilities that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

35.3 Valuation techniques used in determination of fair valuation of financial instruments within level 2 and level 3

Federal government debt securities	The fair value of government securities are valued using PKRV, PKFRV, PKISRV and PSX rates.
Debt securities other than federal government securities	The fair value is determined using the prices / rates available on Mutual Funds. Association of Pakistan (MUFAP) / Reuters website and PSX.
Unqouted equity securities	The fair value is determined using replacement price determined by the company or where the shares can be surrendered.
Forward contracts	The fair values are derived using forward exchange rates applicable to their respective remaining maturities.
Mutual funds	The fair value is determined based on the net asset values published at the close of each business day.

Valuation techniques used in determination of fair values of non-financial assets within level 3

Property and equipment and non- banking assets acquired in satisfaction of claim	Property and equipment and non-banking assets are valued by professic qualified valuators. The valuation is based on their assessment of the malue of the assets. In determining the valuation for land and building valuer refers to numerous independent market inquiries from local eagents / realtors in the vicinity to establish the present market value. The valuation of land and building are considered to represent a level 2 value based on significant non-observable inputs being the location and conditions of the assets.			
	The fair value is subject to change owing to changes in input. However, management does not expect there to be a material sensitivity to the fair value arising from the non-observable inputs.
