CONSOLIDATED FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

To the Members of Habib Metropolitan Bank Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the annexed Consolidated financial statements of Habib Metropolitan Bank Limited and its subsidiaries ("the Group"), which comprise the consolidated statement of financial position as at 31 December 2025, and the consolidated profit and loss account, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2025 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, we do not provide a separate opinion on these matters.

Following are the Key Audit Matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	Credit loss allowance against advances and off-balance sheet items: (Refer note 10.5 & 20.1.2 to the consolidated financial statements)	
	<p>As at 31 December 2025, the Group's Credit loss allowance against advances and off-balance sheet items amounted to Rs. 32,247 million and Rs. 436,587 million, respectively.</p> <p>The Group recognises Expected Credit Losses (ECL) on advances and off-balance sheet items in accordance with the requirements of IFRS 9 along with the Application instructions issued by the State Bank of Pakistan (SBP) ("herein referred to as application instructions of IFRS 9"). The estimation of ECL, involves judgement and complexity.</p> <p>The key areas which are subject to complexity and judgement in the estimation of ECL are:</p>	<p>Our audit procedures, amongst others, included the following:</p> <ul style="list-style-type: none">• Performing risk assessment procedures over the credit loss allowance against advances and off-balance sheet exposure within the Group's consolidated financial statements. As part of these risk assessment procedures, identifying the elements associated with risk of material misstatement on application including those arising from judgements over the estimation of ECL either due to, methods / models, assumptions or data.• Assessing the design, implementation and operating effectiveness of key controls established by the Group

S. No.	Key Audit Matter	How the matter was addressed in our audit
	<ul style="list-style-type: none"> ● Model estimations - judgmental modelling and assumptions are used to estimate ECL which involves determining Probability of Default (PD), Loss Given Default (LGD) and Exposure at Default (EAD). Respective model's assumptions are key driver of uncertainty, and are required in the application of these model for calculation of the ECL estimate. ● Economic scenarios - IFRS 9 requires the Group to measure ECL on an unbiased forward-looking basis reflecting a range of future economic conditions. Complex Statistical methodology is applied in determining the forward-looking economic scenarios used as an input to calculate ECL, the associated scenario probability weightings, and the key economic variables that drive the scenarios. ● Qualitative criteria - the criteria selected to identify a SICR involves judgment and can lead to unreliable ECL recognised for certain portfolios. <p>In line with the application instructions of IFRS 9, the Group must compare the ECL for stage 3 with the provision determined under the Prudential Regulations (PR) issued by the SBP. The PR requires specific provisioning against the advances on the basis of time-based criteria which should be supplemented by a Group's subjective evaluation of credit worthiness of customers. The determination of provision, therefore, involves use of management's judgement, on a case-to-case basis, taking into account factors such as the economic and business conditions, borrowers' repayment behaviors and realisability of collateral held by the Group.</p> <p>Because of the high degree of estimation uncertainty and complexity involved in the calculation of ECL we considered the area of ECL as a key audit matter.</p>	<p>over measurement of ECL and provision calculated as per PR.</p> <ul style="list-style-type: none"> ● We involved in-house specialist who assisted in the following: <ul style="list-style-type: none"> – Evaluating the Bank's ECL model methodologies for compliance with application instructions of IFRS 9; – Assessing the reasonableness of the Bank's methodology for determining the economic scenarios used and the probability weightings applied to them by independently validating and challenging the assumption, methodologies and outputs of the models; – Assessing the reasonableness of macro-economic variables and economic forecasts by comparing these to external sourced data extracted; and – Performing independent testing of the Expected Credit Loss (ECL) allowance on a sample basis. ● Assessing the appropriateness of SICR criteria applied by the Group by ensuring that the SICR criteria and staging methodology are consistent with the application instructions of IFRS 9. ● Ensuring relevance and completeness of the key inputs into the ECL calculations with their respective sub-ledgers and general ledgers. ● Performing testing on sample basis over key inputs into the ECL calculations with their respective source documents. ● Performing sensitivity analysis on the key assumption, that is probability weighted economic scenarios, to assess reasonableness and the risk of biasness by changing weights assigned to each economic scenario. ● In accordance with the PR, we sampled at least sixty percent of the total advances outstanding exposure and performed credit reviews through the following substantive procedures: <ul style="list-style-type: none"> – verifying repayments of advances / interest installments and checked that non-performing advances have been correctly classified and categorised based on the number of days overdue; – examining watchlist accounts and, based on review of the individual facts and circumstances, discussions with management and our assessment of financial conditions of the borrowers, formed a judgement as to whether classification of these accounts as performing was appropriate; and

		<ul style="list-style-type: none"> <li data-bbox="869 443 1380 566">– assessing the accuracy of specific provision made against non-performing advances in accordance with the criteria prescribed under the PRs by performing recalculation. <li data-bbox="842 584 1380 835">● Assessing the appropriateness of ECL categorised as stage 3 by performing a comparison of ECL computed, through the use of methodology and models with the provision required to be computed as required under the PR to ensure that an amount which is higher of the ECL and PR requirements is appropriately recognised for these stage 3 customers pursuant to the requirement of application instructions of IFRS 9. <li data-bbox="842 853 1380 947">● Evaluating the adequacy of the financial statements disclosures, including disclosures of key assumptions, judgements and sensitivities.

Information other than the Consolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the consolidated and unconsolidated financial statements and our auditor's reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Consolidated Financial Statements.

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan, the requirements of Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of directors is responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Zeeshan Rashid.

2. BASIS OF PRESENTATION

2.1 These consolidated financial statements represent separate financial statements of the Group. The unconsolidated financial statements of the Bank and its subsidiary companies are being separately issued.

In accordance with the directives of the Federal Government regarding the shifting of the banking system to Islamic mode, the State Bank of Pakistan (SBP) has issued various circulars from time to time. Permissible forms of trade related

modes of financing include purchase of goods by banks from their customers and immediate resale to them at appropriate profit in price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these consolidated financial statements as such, but are restricted to the amount of facility actually utilised and the appropriate portion of profit thereon.

Key financial figures of the Islamic banking branches are disclosed in Annexure I to these consolidated financial statements.

2.2 The Group believes that there is no significant doubt on the Group's ability to continue as a going concern. Therefore, these consolidated financial statements continue to be prepared on the going concern basis.

2.3 Statement of Compliance

These consolidated financial statements have been prepared as per the format prescribed by the SBP vide BPRD Circular No. 02 dated 9 February 2023 and as per the accounting and reporting standards applicable in Pakistan. The accounting and reporting standards comprise of:

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan (ICAP), as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
- Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP) from time to time.

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of the IFRS or IFAS, requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

2.3.1 SBP has deferred the applicability of International Accounting Standard (IAS) 40, 'Investment Property' for Banking Companies in Pakistan through BSD Circular Letter No. 10 dated 26 August 2002 till further instructions. Accordingly, the requirements of this standard has not been considered in the preparation of these consolidated financial statements.

2.3.2 The disclosures requirements of IFAS 3, 'Profit and Loss Sharing on Deposits' for Islamic Banking Institutions (IBIs) relating to annual and quarterly financial statements have been based on a format prescribed by SBP vide BPRD Circular Letter No. 02 dated 09 February 2023.

2.3.3 IFRS 10, 'Consolidated Financial Statements' was made applicable from period beginning on or after 1 January 2015 vide S.R.O 633 (I) / 2014 dated 10 July 2014 by SECP. However, SECP has directed through S.R.O 56 (I) / 2016 dated 28 January 2016 that the requirement of consolidation under section 228 of the Companies Act, 2017 and IFRS 10, 'Consolidated Financial Statements' is not applicable in case of investment by companies in mutual funds established under trust structure.

2.3.4 The State Bank of Pakistan (SBP) has adopted the requirements of IFRS 9 along with the application instructions through BPRD Circular No. 07 of 2023 dated 13 April 2023, while deferring certain requirements. For its conventional banking operations, the Group follows SBP-prescribed accounting and regulatory requirements applicable to conventional banks. For its Islamic Banking Window operations, the Group follows existing SBP-approved operational guidelines as per IBD Circular No. 02 of 2020. Further, the SBP through BPRD Circular Letter No. 01 of 2025 dated 22 January 2025 has allowed Islamic banking institutions (IBIs) to follow Islamic Financial Accounting Standards (IFAS) 1 & 2 where applicable and continue existing accounting practices for other Islamic products until further instructions, however, IBI's are required to disclose the impact in the financial statements, had IFRS 9 been adopted in its entirety. Therefore, the Group continues to apply existing IFAS 1 & 2 issued by the Institute of Chartered Accountants of

Pakistan (ICAP), as notified under the Companies Act, 2017, where applicable. The impact of profit on islamic financing and related assets in the advance stage is Rs. 833,583 thousands excluding any Effective Interest Rate (EIR) effect.

2.4 Standards, interpretations of and amendments to published approved accounting and reporting standards that are effective in the current year

There are certain new and amended standards, interpretations and amendments that are mandatory for the Group's accounting periods beginning 1 January 2025. However, except as disclosed in note 4.1, these are not considered to be relevant or do not have any significant effect on the Group's operations and therefore have not been detailed in these consolidated financial statements.

2.5 Standards, interpretations of and amendments to existing accounting and reporting standards that are not yet effective

2.5.1 Following standards, interpretations of and amendments to approved accounting and reporting standards will be effective from the dates (for the accounting periods) as stated below against the respective standards, interpretations of and amendments to:

Standards and amendments	Effective date (annual periods beginning on or after)
Amendments to the Classification and Measurement of Financial Instruments - Amendments to IFRS 9 & IFRS 7	1 January 2026
IFRS S1 - General Requirements for Disclosure of Sustainability-related Financial Information	1 January 2026
IFRS S2 - Climate-related Disclosures	1 January 2026
Amendments to IFRS 10 and IAS 28 - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	1 January 2026
Presentation and Disclosure in Financial Statements - IFRS 18	1 January 2027
Amendments to IAS 21 - Hyperinflationary presentation currency	1 January 2026

However, the above are either not applicable to the Group or are not expected to have any material impact on the Group's financial statements. SECP vide S.R.O. 742 (I)/2025 (dated 16 April 2025) notified that International Financial Reporting Standard (IFRS)-7, 'Financial Instruments: Disclosures' shall be followed by Banks, for the preparation of financial statements, from the annual accounting periods beginning on or after 1 January 2026 (earlier application is permitted).

The Group received deferment of recording income and expense at EIR via letter from SBP till 31 December 2025. Consequently, these deferred requirements of IFRS 9 have not been considered in the preparation of these annual consolidated financial statements. Nevertheless, the Group has performed a preliminary assessment of the potential impact of adoption of these deferred requirement based on its annual consolidated statement of financial position as at 31 December 2025. The impact of changes in accounting policy on adoption of EIR will be as follows:

Mark-up / return earned and Mark-up / return expensed

Mark-up / return earned and Mark-up / return expensed are recognised in the consolidated profit and loss account under the Effective Interest Rate (EIR). The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

When calculating the EIR for financial instruments other than purchased or originated credit-impaired assets, the Group estimates future cash flows considering all contractual terms of the financial instrument, but not ECL. For purchased or originated credit impaired financial assets, a credit-adjusted EIR is calculated using estimated future cash flows including ECL.

The calculation of the EIR includes transaction costs and fees paid or received that are an integral part of the EIR. Transaction costs include incremental costs that are directly attributable to the acquisition or issue of a financial asset or financial liability.

For financial assets that were credit-impaired on initial recognition, mark-up income is calculated by applying the credit-adjusted effective interest rate to the amortised cost of the asset. The calculation of mark-up income does not revert to a gross basis, even if the credit risk of the asset is improved.

The total estimated adjustment (net of tax) of the adoption of EIR on the opening balance of the Group's equity at 1 January 2026 is immaterial.

2.6 Critical accounting estimates and judgments

The preparation of these consolidated financial statements in conformity with accounting and reporting standards as applicable in Pakistan requires the use of certain accounting estimates. It also requires the management to exercise judgement in the process of applying the Group's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. These estimates affect the reported amounts of assets, liabilities, income and expenses. The areas where various assumptions and estimates are significant to the Group's consolidated financial statements or where judgement was exercised in the application of accounting policies are as follows:

- i) Expected credit loss allowance against financial assets as per IFRS 9 (note 4.5)
- ii) Classification and measurement of financial assets and financial liabilities (note 4.4)
- iii) Depreciation (note 4.8.2) and Amortisation (note 4.10)
- iv) Valuation of property and equipment (4.8.2) and non-banking assets acquired in satisfaction of claims (note 4.11)
- v) Taxation (note 4.14)
- vi) Defined benefit plan (note 4.16.1)
- vii) Compensated absences (note 4.16.2)
- viii) Right-of-use assets and related lease liabilities (note 4.9)
- ix) Impairment of non-financial assets (excluding deferred tax asset) (note 4.24)

Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of revision and future periods, if the revision affects both current and future periods.

3. BASIS OF MEASUREMENT

Accounting convention

These consolidated financial statements have been prepared under the historical cost convention except for certain property and equipment and non-banking assets acquired in satisfaction of claims which have been carried at revalued amounts, certain investments and derivative contracts which have been marked to market and are carried at fair value, obligations in respect of staff retirement benefits and lease liabilities which have been carried at present value and right-of-use assets which are initially measured at an amount equal to the corresponding lease liabilities (adjusted for any lease payments and costs) and depreciated over the respective lease terms.

4. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in preparation of these consolidated financial statements are consistent with those as applied in the preparation of consolidated annual financial statements of the Group for the year ended 31 December 2024 except for requirements of IFRS 9 relating to unlisted equity instruments as explained in note 4.1.

4.1 Changes in accounting policies

Unlisted Equity Securities

In accordance with BPRD Circular Letter No. 16 dated 29 July 2024, SBP has relaxed the Group for the application of IFRS 9 'Financial Instruments' to measure unlisted equity securities at fair value under IFRS 13 effective from 1 January 2025. Therefore, the Group has taken the impact of fair value adjustment to equity at the beginning of the current accounting period with modified retrospective approach for restatement permitted under IFRS 9. The impact of application as at 1 January 2025 is shown below:

Financial Assets / Liabilities	Balances as of 31 December 2024	Impact due to remeasurements	Taxation	Impact - net of tax	Balances as of 1 January 2025
Assets					
Investments					
- FVOCI	673,273,790	65,545	-	65,545	673,339,335
Liabilities					
Deferred tax liabilities	2,722,825	-	34,083	34,083	2,756,908
Equity					
Surplus on revaluation of assets - net of tax	14,371,296	65,545	(34,083)	31,462	14,402,758

There has been immaterial impact on Capital Adequacy Ratio due to adoption of above mentioned requirement of IFRS 9.

4.2 Cash and cash equivalents

For the purpose of the consolidated cash flow statement, cash and cash equivalents include cash and balances with treasury banks, balances with other banks and national prize bonds less overdrawn nostro balances.

4.3 Lendings to / borrowings from financial institutions

The Group enters into transactions of borrowing (repo) from and lending (reverse repo) to financial institutions, at contracted rates for a specified period of time. These are recorded as under:

Purchase under resale agreement (reverse repo)

Securities purchased with a corresponding commitment to resell at a specified future date (reverse repos) are not recognised as investment in the consolidated statement of financial position and instead amounts paid under these arrangements are included in lendings to financial institutions. The difference between purchase and resale price is accrued as mark-up income on a pro-rata basis over the term of the agreement.

Sale under repurchase agreement (repo)

Securities sold with a simultaneous commitment to repurchase at a specified future date (repos) continue to be recognised in the consolidated statement of financial position and are measured in accordance with accounting policies for investments

and amount received under these agreements are recorded as repurchase agreement borrowings. The difference between sale and repurchase price is accrued as mark-up expense on a pro-rata basis over the term of the repo agreement.

Bai muajjal

In Bai Muajjal, the Group sells sukuk on credit to other financial institutions. The sale / purchase price is agreed at the time of sale and such proceeds are received at the end of the credit agreed period. The sukuk sold under Bai Muajjal transaction are derecognised on the date of disposal. Receivable against such sale is recognised at the agreed sale price. The difference between the sale price and the carrying value on the date of disposal is taken to income on straight line basis.

Musharaka / Modaraba

In Musharaka / Modaraba, the Group invests in the Shariah compliant business pools of the financial institutions at the agreed profit sharing ratio. Loss, if any will be shared between the parties as per the investment in Musharaka and solely by the Rabb Ul Maal in Mudaraba, respectively.

Musharaka from the SBP under Islamic Export Refinance Scheme (IERS)

Under IERS, the Group accepts funds from the SBP under Shirkat-ul-aqd to constitute a pool for investment in Islamic export refinance portfolio of the Group under the guidelines issued by the SBP. The profit of the pool is shared as per the agreed weightages between the partners.

Modaraba investment from the SBP under various long term Islamic refinance schemes

Under various long term Islamic refinance schemes of the SBP, the Group accepts funds from the SBP which are received on Modaraba basis for investment in the pool of the Group. The profit of the pool is shared as per the agreed profit sharing ratio of the pool and the weightages assigned to these investments.

Certificates of Investment (musharaka)

Certificates of Investment (COI's) are carried at principal amount in these consolidated financial statements. FHM invest the amount received from COI holders on the basis of full participation in the profit and loss. The profit is allocated between COI holders and FHM as per agreed ratio. Certificate holder's share of profit is recognised as financial expense in the period of its occurrence. On the basis of projected rate of profit, profit on musharaka finance is determined. After determination of the actual rate, the effect of any difference between actual and projected rate of profit is accounted for, at the end of each quarter.

4.4 Classification and measurement of financial assets and financial liabilities

Classification and measurement of financial assets depends on how these are managed based on business model and their contractual cash flow characteristics. Financial assets that do not meet the Solely Payment of Principal and Interest (SPPI) criteria are required to be measured at fair value through profit and loss (FVTPL) regardless of the business model in which they are held.

Financial liabilities are either classified as FVTPL, when they are held for trading purposes, or at amortised cost. Financial liabilities classified as FVTPL are measured at fair value and all the fair value changes are recognised in the consolidated profit and loss account. Financial liabilities classified at amortised cost are initially recorded at their fair value and subsequently measured using the effective interest rate method. Mark-up expense and foreign exchange gain and losses are recognised in the consolidated profit and loss account. Any gain or loss on derecognition is also recognised in the consolidated profit and loss account.

4.4.1 Recognition and initial measurement

On initial recognition, a financial asset is classified as either amortised cost, FVOCI, or FVTPL where as Advances except for staff financing, the Temporary Economic Refinance Facility (TERF) and modified financing, are carried at cost.

Debt securities issued are initially recorded when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at transaction price. The fair value of a financial asset on initial recognition is generally its transaction price. If the Group determines that the fair value on initial recognition differs from the transaction price then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value on initial recognition and the transaction price. Subsequently, that difference is recognised in the consolidated profit and loss account on an appropriate basis over the life of the asset but no later than when the valuation is wholly supported by observable market data, or the transaction is closed out. Advances other than Temporary Economic Refinance Facility (TERF), staff loans and modified loans are initially measured at transaction price, i.e., the amount of loan disbursed at disbursement date.

Staff loans and Temporary Economic Refinance Facility (TERF) loans are recognised at fair value at the time of disbursement. The fair value is determined by discounting the expected future cash flows using the prevailing market rates for instruments. The difference between the disbursed amount and the fair value at initial recognition is recorded as "Prepaid employment benefit" for staff loans under other assets and "Deferred grant income" for TERF loans under other liabilities.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

A debt instrument is measured at FVOCI only if it meets both of the following conditions and is not designated as FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cashflows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in FVOCI. This election is made on an investment-by-investment basis.

Advances are carried at cost, net of expected credit loss allowances, except for Temporary Economic Refinance Facility (TERF), staff loans and modified loans which are measured at amortised cost.

Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business models for managing financial assets, in which cases all affected financial assets are reclassified on the first day of the first reporting period following changes in the business model.

IFRS 9 allows entities to irrevocably designate, at initial recognition, a financial asset as measured at FVTPL if doing so eliminates or significantly reduces any 'accounting mismatch' that would otherwise arise from measuring assets

or liabilities or recognising gains and losses on them on different basis. The SBP's instructions state that banks may apply the fair value option if, in addition to the IFRS 9 criterion, (a) it is consistent with a documented risk management strategy, and (b) fair values are reliable at inception and throughout life of the instrument. Nonetheless, Group should avoid this option for financial instruments that are categorised as Level 3 in terms of the IFRS 13 Fair Value Measurements hierarchy.

Under IFRS 9, derivatives embedded in contracts where the host is a financial asset in scope of the standard are never bifurcated. Instead, the whole hybrid instrument is assessed for classification.

4.4.2 Business model assessment

A financial asset is classified as either Held to collect, Held to collect and sale and Others based on Business model assessment. The Group makes an assessment of the objective of a business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed, and information is provided to the management. The assessment requires judgement based on facts and circumstances on the date of assessment. The assessment considers the policies and objectives for the portfolio of financial assets, risk affecting, performance evaluation, business manager's compensation and historical sales information.

Financial assets that are held for trading or managed and whose performance is evaluated on a fair value basis are measured at FVTPL because they are neither held to collect contractual cash flows nor held to collect contractual cash flows and to sell financial assets.

4.4.3 Assessment of whether contractual cash flows are solely payments of principal and interest (SPPI)

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g., liquidity risk and administrative costs), as well as interest margin.

In assessing whether the contractual cash flows are SPPI, the Group considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Group considers:

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Group's claim to cash flows from specified assets (e.g. non-recourse loans); and
- features that modify consideration of the time value of money (e.g. periodical reset of interest rates).

A prepayment feature aligns with SPPI if it mainly represents unpaid principal and profit, including reasonable compensation for early termination.

4.4.4 Subsequent measurement

The following accounting policies apply to the subsequent measurement of financial assets:

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any mark-up or dividend income, are recognised in the consolidated profit and loss account.
----------------------------------	---

Financial assets at amortised cost These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Mark-up, foreign exchange gains and losses and impairment are recognised in the consolidated profit and loss account.

Debt investments at FVOCI These assets are subsequently measured at fair value and is assessed for impairment under the new ECL model. Mark-up income is calculated using the effective interest method and includes amortisation of premiums and accretion of discount, foreign exchange gains and losses and impairment are recognised in the consolidated profit and loss account. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to the consolidated profit and loss account.

Equity investments at FVOCI These assets are subsequently measured at fair value. Dividends are recognised as income in the consolidated profit and loss account unless the dividend clearly represents a recovery of part of the cost of the investment, in which case they are adjusted from the carrying value of investment. Other net gains and losses are recognised in the statement of comprehensive income and are never reclassified to the consolidated profit and loss account.

Advances Advances are carried at cost, net of expected credit loss allowances, except for Temporary Economic Refinance Facility (TERF), staff financing and modified loans which are carried at amortised cost, net of expected credit loss allowances.

4.4.5 Amortised cost and gross carrying amount

The 'amortised cost' of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured on initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount and, for financial assets, adjusted for any expected credit loss allowance.

The 'gross carrying amount of a financial asset' is the amortised cost of a financial asset before adjusting for any expected credit loss allowance. Income / mark-up / profit accrued on financial assets are classified under 'Other Assets' and mark-up / return / interest payable on financial liabilities are classified under 'Other Liabilities', wherever applicable, in accordance with the format prescribed by the SBP.

4.4.6 Calculation of mark-up income and expense

Income on financial assets, comprising performing advances and debt securities and other financial assets is recognised on a time proportion basis as per the terms of the contract. However, where debt securities, classified as investments in the consolidated financial statements, are purchased at premium or discount, such premium / discount including the transaction cost is amortised through the consolidated profit and loss account over the remaining maturity of the debt security using the effective interest rate method. Income recoverable on classified advances and investments (debt securities), is recognised on a receipt basis.

Income on rescheduled / restructured advances and investments is recognised as permitted by SBP regulations.

Mark-up expense on financial liabilities (comprising deposits, subordinated debts, and borrowings) is recognised on an accrual basis in the period in which it is incurred, based on their contractual rates.

Islamic Banking Institutions (IBIs) are allowed to follow Islamic Financial Accounting Standards (IFAS) 1 & 2 where applicable and continue the existing accounting methodology on other Islamic products until issuance of further instructions in this regard.

4.4.7 Derecognition

The Group derecognises a financial asset when:

- the contractual rights to the cash flows from the financial asset expire; or
- it transfers the rights to receive the contractual cash flows in a transaction in which either:
 - substantially all of the risks and rewards of ownership of the financial asset are transferred; or
 - the Group neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

On derecognition of a financial asset in its entirety, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised), and the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognised in OCI is recognised in the consolidated profit and loss account, except that in case of the derecognition of equity securities held at FVOCI, cumulative gains or losses are transferred to unappropriated profit.

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expired. The Group also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

4.4.8 Write-offs

Financial assets are written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Group determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. This assessment is carried out at the individual asset level.

Recoveries of amounts previously written off are included in 'impairment losses on financial instruments' in these consolidated profit and loss account and consolidated statement of comprehensive income.

Financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

4.4.9 Off-setting

Financial assets and financial liabilities are offset and the net amount presented in the consolidated statement of financial position when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

4.5 Expected credit loss allowance (ECL)

The Group assesses on a forward looking basis the expected credit losses (ECL) associated with all advances and other debt financial assets not held at FVTPL, together with letter of guarantees and unutilised financing commitments hereinafter referred to as "Financial Instruments". The Group recognises a credit loss allowance for such losses at each reporting date. The measurement of ECL reflects:

-
- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
 - the time value of money; and
 - reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

ECL is the probability weighted estimate of expected cash shortfalls which is determined by multiplying the probability of default (PD) with the loss given default (LGD) with the expected exposure at the time of default (EAD). Based on the requirements of IFRS 9 and Application Instructions, the Group has performed an ECL assessment considering the following key elements:

- **Probability of default (PD):**

The Probability of Default represents the likelihood that a counterparty will default within a specific timeframe, such as 12 months (12-month ECL for Stage 1) or the lifetime of the financial instrument (lifetime ECL for Stage 2). The Group calculates PD on its loans and advances, which is further bifurcated into retail and non retail portfolios. Following is the methodology through which non retail and retail PD are calculated:

- (a) **Non Retail PD:**

The Group utilises its internal risk rating system to assign Obligor Risk Ratings (ORR) to borrowers. The Group has used a statistical method called Markov Chain, also known as Transition Matrices / Migration matrices, for the estimation of TTC PDs associated with each of its Obligor Risk Rating (ORR).

- (b) **Retail PD:**

The Group has used market benchmark PDs for retail segments. The Group has recently started developing its retail portfolio and does not have sufficient data to develop PD and LGD Models. In the absence of required data and after discussing with consultants, management has decided to use the market benchmark PDs and BASEL prescribed 45% LGD for retail segment. Moreover, the Group has used its internal data to develop the TTC- PD models using Pluto and Tasche technique for the calculation of Expected Credit Loss (ECL) on Investments, Balances with other banks (BWOB) and Lendings to FIs. TTC-PD were converted into PiT PDs by applying Macro Economic variable with Vasicek approach.

- **Incorporation of forward-looking information:**

Forward looking information is incorporated to convert TTC PD to Point in Time Probability of Default (PiT PD). The Group has estimated the PiT PDs using the Vasicek framework in its PD Model. For this purpose, the Group incorporated 5-year forecasts obtained from the Macro Economic Variable (MEV) database of the International Monetary Fund (IMF). The MEVs used in the Model are the Consumer Price Index (CPI) and Gross Domestic Product (GDP) etc.

- **Exposure at Default (EAD):**

The Group has defined EAD for financial assets carried at an amortised cost equal to principal plus accrued mark-up at the default date for stage 1 and stage 2. For stage 3, EAD is principal outstanding at repayment date. Each repayment date is assumed to be a default point in the model, and the ECL is calculated on the EAD at each repayment date and discounted at the effective interest rate to arrive at the discounted ECL under three scenarios, i.e., base, worst, and best-case scenarios. The unutilised exposures are multiplied with Credit Conversion Factors (CCFs) to compute the EAD of revolving facilities. For non-revolving facilities, CCF is only applied to unutilised exposures when the Group doesn't have unconditional right to revoke the undrawn portion. Additionally, cash and cash equivalent collateral the Group holds against non-retail facilities are adjusted from the EAD, and ECL is calculated on the net amount. The Group has developed CCF models for its revolving and non revolving facilities based on the historical utilisation of credit limits which are currently being applied to the revolving portfolio.

– **Loss Given Default:**

Loss Given Default (LGD) represents the forecasted economic loss in the event of default, calculated independently of credit quality and applied consistently across all stages. LGD is determined as the percentage of loss expected in case of borrower default, incorporating historical data, cash recovery experience (including settlements), costs and time of recoveries, collateral realisations, and recovery projections. For non-collateralised portfolios, the Group estimates LGD based on actual recoveries from defaulted accounts over a historical period of 10 years prior to the assessment date. Forward-looking information is incorporated into the LGD calculation to reflect the impact of macroeconomic factors on the expected recoveries. The Group uses a statistical approach, specifically the Jacob Frye model, to estimate Point-in-Time (PIT) LGD. This model accounts for forward-looking information, including macroeconomic variables, to estimate LGD for all credit segments.

4.5.1 Presentation of allowance for Expected Credit Loss in the Consolidated Statement of Financial Position

Loss allowances for ECL are presented in the Consolidated Statement of Financial Position as follows:

- financial assets measured at amortised cost: as a deduction from the gross carrying amount of the assets;
- loan commitments and financial guarantee contracts: as a provision in Other Assets / Liabilities;
- where a financial instrument includes both a drawn and an undrawn component, and the Group does not identify the ECL on the loan commitment component separately from those on the drawn component and instead presents a combined loss allowance for both components. The combined amount is presented as a deduction from the gross carrying amount of the drawn component. Any excess of the loss allowance over the gross amount of the drawn component is presented as a provision; and
- debt instruments measured at FVOCI: no loss allowance is recognised in the consolidated statement of financial position because the carrying amount of these assets is their fair value. However, the loss allowance is disclosed and is recognised in retained earnings.

4.5.2 Governance, ownership and responsibilities

The Group has adopted a governance framework requiring the Risk, Finance, Operations, Internal Audit and IT functions to effectively work together to ensure input from all business lines. IFRS 9 requires robust credit risk models that can predict Probability of Default (PD), Loss Given Default (LGD) and Exposure at Default (EAD).

The Group's Risk Management Division has developed Models / methodologies for PD, LGD and Credit Conversion Factors (CCF). These models are validated on annual basis considering the following aspects:

- Quantitative Validation: Expected credit loss (ECL) model design validation, data quality validation and benchmarking with external best practices.
- Quantitative Validation: Calibration testing which ensures the accuracy of the observed PDs.

The Risk Department defines the staging criteria for the new impairment model and take ownership of all models, methodologies and the ECL calculation approach. Additionally, the Risk department also take the ownership of the impact of ECL on Group's capital.

Risk Management Division of the Group is responsible for the implementation of IFRS 9. Risk Management Division calculate the ECL and submits the same to Finance Division for financial reporting requirements.

Finance Division then uses the financial information for preparing these consolidated financial statements and related financial ratios.

Risk Management Division prepares and submits the analysis to board risk and compliance committee on a quarterly basis. Further these consolidated financial statements are prepared on the basis of IFRS 9 is then submitted to the Board Audit Committee on a quarterly basis.

The IT Department provides support to all the stakeholders for preparing and extracting the data required for the risk parameters modelling. IT department also provides support to project owners for system development and upgrades.

4.6 Investments

Investments in subsidiaries are stated at cost less provision for impairment, if any. Other investments are classified into the following categories based on the Business Model Assessment and contractual cash flow characteristics.

- at Amortised Cost (AC)
- at Fair value through other comprehensive income (FVOCI)
- at Fair value through profit and loss (FVTPL)

4.6.1 Classification of Equity instruments

Equity securities held for trading purposes are classified as FVTPL. Equity securities that are not held for trading purposes are classified as FVOCI.

4.6.2 Classification of Debt securities

Debt securities are classified into the following categories based on their business model assessment and contractual cash flow characteristics:

- Amortised cost: Debt securities are classified at amortised cost where the business model is Held to Collect (HTC) and where contractual cash flows are SPPI.
- FVOCI: Debt securities are classified at FVOCI where the business model is Held to Collect and Sale (HTC&S) and where contractual cash flows are SPPI. Unrealised gains and losses are recorded in the consolidated statement of comprehensive income and are recycled through the consolidated profit and loss account on disposal.
- FVTPL: Debt securities are classified as FVTPL if they do not have a fixed maturity or they are not classified either at amortised cost or as FVOCI.

4.6.3 Initial Measurement

- Investments (other than FVTPL) include transaction costs associated with the investments. In case of FVTPL investments, transaction costs are charged to the consolidated profit and loss account when incurred.
- All “regular way” purchases and sales of investments are recognised on the trade date, i.e., the date that the Group commits the purchase or sell the asset. Regular way purchases or sales are purchases or sales of investments that require delivery of assets within the time frame generally established by regulation or convention in the market place.

4.6.4 Subsequent Measurement

Amortised Cost

Where investments are carried at amortised cost, gains and losses on disposal are recognised in the consolidated profit and loss account.

FVOCI

Investments classified as FVOCI are subsequently measured at fair value with any changes in fair value recorded in the consolidated statement of comprehensive income. In case of debt securities, gains and losses on disposal arising on these securities is recycled from OCI to the consolidated profit and loss account. In case of equity securities, gains and losses on disposal is not recycled from OCI to the consolidated profit and loss account but directly credited to retained earnings.

FVTPL

Investments classified as FVTPL are subsequently measured at fair value. Any unrealized surplus / deficit arising on the revaluation of held for trading investment portfolio is taken to the consolidated profit and loss account.

4.7 Advances (including net investment in Finance Lease & Ijarah arrangements)

4.7.1 Loans and advances

Loans and advances including net investments in finance lease are stated net of credit loss allowance. Credit loss allowance against loans and advances have been made in accordance with the requirements of the Prudential regulations and IFRS 9 Application Instructions issued by the SBP and any charge / reversal is taken to the consolidated profit and loss account. Advances are written-off when there are no realistic prospects of recovery.

Advances other than Temporary Economic Refinance Facility (TERF), staff loans and modified loans are initially measured at transaction price, i.e., the amount of loan disbursed at disbursement date.

Temporary Economic Refinance Facility (TERF) and staff loans are recognised at fair value at the time of disbursement. The fair value is determined by discounting the expected future cash flows using the prevailing market rates at the date of disbursement of these loans. The difference between the fair value of TERF loans and fair value of TERF borrowings is recorded as "Deferred grant income" under other liabilities. For staff loans, the difference between the disbursed amount and the fair value at initial recognition is recorded as "Prepaid employment benefit" under other assets.

4.7.2 Finance lease receivables

Leases where the Group transfers substantially all the risks and rewards incidental to ownership of an asset to the lessee are classified as finance lease. A receivable is recognised at an amount equal to the present value of the minimum lease payments including guaranteed residual value, if any. Finance lease receivables are included in advances to the customers.

4.7.3 Islamic finance and related assets

Ijarah

Ijarah assets are stated at cost less accumulated depreciation and are disclosed as part of 'Islamic financing and related assets'. Rental received / receivable on Ijarah are recorded as income / revenue. The Group charges depreciation from the date of recognition of Ijarah of respective assets to Lessee (mustajir). Ijarah assets are depreciated over the period of Ijarah using the straight line method. Ijarah rentals outstanding are disclosed in 'other assets' on the Statement of Financial Position at amortised cost.

Diminishing Musharaka

Under diminishing musharaka based financing, the Group enters into a musharaka based on Shirkat-ul-milk for financing an agreed share of property and equipment (e.g. house, land, plant or machinery) with its customers and

enters into periodic profit payment agreement for the utilisation of the Group's musharaka share by the customer. The Group receives periodic payments from its customers partly for renting its portion of the assets and partly for gradual transfer / sale of its ownership. The rental payments are recognised in the consolidated profit and loss account whereas transfer / sale payments are applied towards reducing the outstanding principal.

Working Capital Musharaka

Under Working Capital musharaka, the Group enters into financing with the customer based on Shirkat-ul-Aqd in the customer's operating business. Under this mechanism the customer can withdraw and return funds to the Group subject to consumer's working capital musharaka financing limit during the Musharaka period. At the end of each quarter / half year the customer pays the provisional profit as per the desired profit rate which is subject to final settlement based on the relevant quarterly / half yearly / annual accounts of the customer.

Istisna

Under istisna financing, the Group places an order to purchase some specific goods / commodities from its customers to be manufactured / delivered to the Group within an agreed time. The goods are then sold and the amount financed along with profit is paid back to the Group.

Al-Bai

The product is based on the Islamic mode "musawamah". Under this financing, the Group purchases the goods from its customers on cash payment basis and after taking the possession by the Group, the customer on behalf of the Group sells them. Upon subsequent sale by the customer, the financed amount along with the profit is paid by the customer to the Group.

Murabaha

In Murabaha transactions, the Group purchases the goods and after taking the possession, sells them to the customer on cost plus profit basis either in a spot or credit transaction.

Salam

In Salam, the seller undertakes to supply specific goods to the buyer at a future date in exchange of an advanced price fully paid at spot. The payment is at spot but the supply of purchased goods is deferred. The purchased goods by the Group are then sold by the customer on behalf of the Group and the financed amount along with profit is paid to the Group.

4.8 Property and equipment

4.8.1 Capital work-in-progress

Capital work in progress is stated at cost less impairment loss, if any and consists of expenditures incurred and advances made in the course of their construction and installation. Transfers are made to relevant asset category as and when assets are available for intended use.

4.8.2 Property and equipment

Property and equipment are stated at cost, except for land and buildings which are carried at revalued amount, less any applicable accumulated depreciation and accumulated impairment losses, if any. Land and buildings are stated at revalued amount less accumulated depreciation (in case of buildings) and accumulated impairment losses, if any.

Depreciation is calculated on a straight-line basis over the estimated useful life of the asset at the rates specified in note 11.2 to these consolidated financial statements. Depreciation on additions during the year is calculated from the date of addition. In case of disposals during the year, the depreciation is charged till the date of disposal.

Subsequent cost are included in the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the consolidated profit and loss account.

An item of property and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is recognised in the consolidated profit and loss account in the year the asset is derecognised.

The residual values, useful lives and depreciation methods are reviewed and changes, if any, are treated as change in accounting estimates, at each statement of financial position date.

Land and buildings are revalued by independent professionally qualified valuers with sufficient regularity to ensure that their net carrying amount does not differ materially from their fair value. If an asset's carrying value increases as a result of revaluation, such increase or surplus arising on revaluation is credited to the surplus on revaluation of property and equipment account. If an asset's carrying amount is decreased as a result of a revaluation, the decrease shall be recognised in the consolidated profit and loss account. However, if the increase reverses a deficit on the same asset previously recognised in the consolidated profit and loss account, such an increase is also recognised in the consolidated profit and loss account to the extent of the previous deficit and thereafter in the surplus on the revaluation of property and equipment account.

In the case of revalued assets, any accumulated depreciation on the date of revaluation is eliminated against the gross carrying amount of the net asset and the net amount restated at the revalued amount of the asset.

Surplus on revaluation of property and equipment (net of any associated deferred tax) to the extent of the incremental depreciation charged on the related assets is transferred to unappropriated profit.

Surplus on revaluation (net of any deferred tax) realised on disposal of land and building is transferred directly to unappropriated profit.

4.9 Right-of-use assets and their related lease liabilities

The Group recognises a right-of-use asset and lease liabilities (note 4.17) at the lease commencement date. The right-of-use asset is initially measured at amount equal to present value of lease liability, and subsequently at cost less any accumulated depreciation and impairment losses if any, and adjusted for certain remeasurements of the lease liability. The right-of-use asset is depreciated using the straight line method from the commencement date to the earlier of end of the useful life of right-of-use asset or end of the lease term.

4.10 Intangible assets

These are stated at cost less accumulated amortisation and impairment, if any. The cost of intangible assets are amortised from the month when the assets are available for intended use, using the straight line method, whereby the cost of the intangible asset is amortised over its estimated useful life over which economic benefits are expected to flow to the Group. The useful life and amortisation method is reviewed and adjusted, if appropriate, at each statement of financial position date.

4.11 Non-banking assets acquired in satisfaction of claims

Non-banking assets acquired in satisfaction of claims are initially recorded at cost and subsequently carried at revalued amounts less accumulated depreciation and impairment, if any. These assets are revalued by professionally qualified valuers

with sufficient regularity to ensure that their net carrying value does not differ materially from their fair value. A surplus arising on revaluation of property is credited to the 'surplus on revaluation of non-banking assets' account and any deficit arising on revaluation is taken to the consolidated profit and loss account directly. Legal fees, transfer costs and direct costs of acquiring title to property is charged to the consolidated profit and loss account.

Depreciation on assets (other than land) acquired in satisfaction of claims is charged to the consolidated profit and loss account on the same basis as depreciation charged on the Group's property and equipment.

If the recognition of such assets results in a reduction in non-performing loans, such reductions and the corresponding reductions in ECL held against non-performing loans are disclosed separately.

These assets are generally intended for sale. Gains and losses realised on the sale of such assets are disclosed separately from gains and losses realised on the sale of property and equipment. Surplus on revaluation (net of deferred tax) realised on disposal of these assets is transferred directly to unappropriated profit.

If such an asset is subsequently used by the Group for its own operations, the asset is transferred to property and equipment along with any related surplus.

4.12 Derivative financial instruments

Derivative financial instruments consist of Forward foreign exchange contracts, which are initially recognised at fair value at the date on which the derivative contract is entered into and are subsequently remeasured at fair value. All derivative financial instruments are carried as asset when fair value is positive and liabilities when fair value is negative. Any change in the value of derivative financial instruments is taken to the consolidated profit and loss account.

4.13 Credit loss allowance / Provisions

Expected credit loss allowance against identified off-balance exposure is recognised when intimated and reasonable certainty exists for the Group to settle the obligation. The loss is charged to the consolidated profit and loss account net of expected recovery and is classified under other liabilities.

Other provisions are recognised when the Group has a legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each statement of financial position date and are adjusted to reflect the current best estimate.

4.14 Taxation

Income tax expense comprises current and deferred tax. Income tax expense is recognised in the consolidated profit and loss account except to the extent that it relates to the items recognised directly in equity, in which case it is recognised in equity.

4.14.1 Current

Provision for current taxation is based on taxable income for the year at the current rates of taxation after taking into consideration available tax credits and rebates. The charge for the current tax also includes adjustments where considered necessary, relating to prior years which arise from assessments framed / finalised during the year.

4.14.2 Deferred

Deferred tax is recognised using the balance sheet liability method on all major temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and amount used for taxation purposes.

Deferred tax is measured at the tax rate that are expected to be applied on the temporary differences when they reverse, based on the tax rates that have been enacted or substantially enacted at the reporting date.

A deferred tax asset is recognised only to the extent that it is probable that the future taxable profit will be available against which the asset can be utilised. Deferred tax assets are reviewed at each statement of financial position date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

The Group also recognises deferred tax asset / liability on deficit / surplus on revaluation of assets and actuarial gains / losses recognised in the consolidated statement of other comprehensive income, which is adjusted against the related surplus / deficit.

4.15 Deposits / Borrowings

Deposits / Borrowings are recorded at the amount of proceeds received. The cost of deposits is recognised as an expense on an accrual basis in the period in which it is incurred.

4.16 Employees' benefits

4.16.1 Retirement benefits

Defined benefit plan

The Group operates an approved funded gratuity scheme for all its permanent employees. Retirement benefits are payable to the members of the scheme on the completion of prescribed qualifying period of service under the scheme. Contribution is made in accordance with the actuarial recommendation. The actuarial valuation is carried out annually as at the statement of financial position date using the "Projected Unit Credit Actuarial Cost Method".

All actuarial gains and losses are recognised in the consolidated statement of other comprehensive income as they occur and are not reclassified to the consolidated profit and loss account in subsequent periods.

Past service cost resulting from changes to defined benefit plan is recognised in the consolidated profit and loss account in accordance with actuarial's valuation and their assessment.

Defined contribution plan

The Group operates a recognised provident fund scheme for all its regular employees, which is administered by the Board of Trustees. Contributions are made by the Group and its employees, to the fund at the rate of 10% of basic salary in accordance with the terms of the scheme.

4.16.2 Compensated absences

A provision is made for estimated liability for annual leaves as a result of services rendered by the employees against unavailed leaves, as per term of service contract, up to the statement of financial position date.

The actuarial valuation under the "Projected Unit Credit Actuarial Cost Method" has been carried out by the Group for the determination of the liability for compensated absences. Liability so determined is fully recognised by the Group.

4.17 Lease liability against right-of-use assets

The lease liability is initially measured at the present value of the lease payments that are unpaid at the commencement date, discounted using the Group's incremental borrowing rate as the interest rate implicit in the lease cannot be readily

determined. The lease liability is subsequently increased by the interest cost on the lease liability and decreased by lease payments made.

4.18 Revenue recognition

Revenue is recognised to the extent that the economic benefits will flow to the Group and the revenue can be reliably measured. These are recognised as follows:

4.18.1 Advances and investments

- Mark-up / return / interest on regular loans / advances and debt securities investments is recognised on a time proportion basis that take into account the effective yield on the asset. Where debt securities are purchased at premium or discount, the same is amortised through the consolidated profit and loss account using the effective interest rate method.
- Mark-up / return / interest recoverable on classified loans and advances and investments is recognised on receipt basis. Mark-up / return / interest on classified rescheduled / restructured loans and advances and investments is recognised as permitted by the regulations of the SBP.
- Dividend income is recognised when the Group's right to receive the dividend is established.
- Gains and losses on sale of investments are recognised in the consolidated profit and loss account.
- Income on bills discounted are recognised over the period of the bill.

4.18.2 Lease financing / Ijarah contracts

Financing method is used in accounting for income from lease financing. Under this method, the unearned lease income (excess of the sum of total lease rentals and estimated residual value over the cost of leased assets) is deferred and taken to income over the term of the lease period so as to produce a constant periodic rate of return on the outstanding net investment in lease. Unrealised income on classified leases is recognised on receipt basis.

Rental income on these ijarah is recognised in the Group's consolidated profit and loss account on a time proportion basis, while depreciation is calculated on Ijarah assets on a straight line basis over the period of ijarah.

Purchases and sales under Murabaha and the resultant profit should be accounted for on the culmination of Murabaha transaction. However, the profit on that portion of sales revenue not due for payment should be deferred by accounting for by a debit to "Unearned Murabaha Income" account with the corresponding credit to "Deferred Murabaha Income" account and shown in the consolidated statement of financial position as a liability.

Gains / losses on termination of lease contracts and other lease income are recognised when realised.

4.18.3 Fees, commission and brokerage

The Group earns fee and commission income from the banking services to retail and corporate customers. Fee and commission income is recognised at an amount that reflects the consideration to which the Group expects to be entitled in exchange for providing the services.

The Group recognises fees earned on transaction-based arrangements at a point in time when the Group has provided the services to the customer. Unearned fee and commission are included under other liabilities.

The fee pertaining to banking services to retail and corporate customers are based on schedule of charges, reviewed periodically by the Group.

4.19 Off setting

Financial assets and financial liabilities are set off and the net amount is reported in these consolidated financial statements when there is a legally enforceable right to set off and the Group intends to either settle on a net basis, or to realise the assets and to settle the liabilities simultaneously.

4.20 Foreign currencies

4.20.1 Foreign currency transactions and translations

Foreign currency transactions are translated into functional currency of the Group at the exchange rates prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies are translated into rupees at the exchange rates prevailing at the statement of financial position date. Forward exchange contracts are revalued using forward exchange rates applicable to their respective remaining maturities. Gains or losses on above translation are included in the consolidated profit and loss account.

4.20.2 Offshore branch operations

The assets and liabilities of an offshore branch operations are translated into rupees at the exchange rates prevailing at the statement of financial position date. The income and expense are translated into rupees at average rate of exchange prevailing during the year. Exchange gain or loss on such translation is taken to equity through the consolidated statement of 'other comprehensive income' under 'Exchange Translation Reserve'.

4.20.3 Contingencies and commitments

Contingent liabilities / commitments for letters of credit and letters of guarantee denominated in foreign currencies are expressed in rupee terms at the rates of exchange ruling on the statement of financial position date. Commitments for outstanding forward foreign exchange contracts disclosed in these consolidated financial statements are translated at contracted rates.

4.21 Segment reporting

A segment is a distinguishable component of the Group that is engaged in providing product or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments. The Group's primary format of reporting is based on the following business segments.

4.21.1 Business segments

– Trading and sales

This segment undertakes the Group's treasury, money market and capital market activities.

– Retail banking

Retail banking provides services to small borrowers i.e. consumers. It includes loans, deposits and other transactions with retail customers.

– Commercial banking

This includes loans, deposits and other transactions with corporate and SME customers.

– Islamic banking

This represents Islamic banking operations of the Group.

4.21.2 Geographical segments

The Group conducts all its operations in Pakistan including an offshore branch in Karachi Export Processing Zone.

4.22 Dividend distribution and appropriations

Bonus and cash dividend and other appropriations (except for the appropriations required by law), declared / approved subsequent to the statement of financial position date are considered as non-adjusting event and are not recorded in these consolidated financial statements of the current year. These are recognised in the period in which these are declared / approved.

4.23 Earnings per share

The Group presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares. Diluted earnings per share is not calculated separately, as the Group does not have any convertible instruments in issue.

4.24 Impairment of non-financial assets (excluding deferred tax asset)

At each statement of financial position date, the Bank reviews the carrying amount of its assets (other than deferred tax asset) to determine whether there is an indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of relevant asset is estimated. Recoverable amount is the greater of the net selling price and value in use. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the assets is reduced to its recoverable amount. The resulting impairment loss is recognised as an expense immediately in the consolidated profit and loss account. An impairment loss is reversed if the reversal can be objectively related to an event occurring after the impairment loss was recognised.

Details of the basis of determination of impairment against loans and advances and investments have been discussed in their respective notes.

4.25 Acceptances

Acceptances comprises undertakings by the Bank to pay bill of exchange due on customers. These are recognised as financial liability and the contractual right of reimbursement from the customer is recorded as a financial asset. Therefore, commitments in respect of acceptances have been accounted for as financial assets and financial liabilities in these consolidated financial statements.

5. FUNCTIONAL AND PRESENTATION CURRENCY

These consolidated financial statements are presented in Pakistani Rupees, which is the Group's functional currency. Except as indicated, financial information presented in Pakistani Rupees has been rounded to the nearest thousand.

34.1 Income tax assessments of the Group have been finalised up to the tax year 2025 (corresponding to the accounting year ended 31 December 2024). Certain appeals are pending with the Appellate Tribunal Inland Revenue (ATIR) and Sindh High Court. However, adequate provisions are being held by the Group.

34.2 During the year, amendments introduced through the Finance Act, 2025 resulted in changes to the tax treatment of certain items recognised under IFRS 16 – Leases and IFRS 9 – Financial Instruments. Under the amended provisions of the Income Tax Ordinance, 2001, depreciation and finance cost recognised on right-of-use assets under IFRS 16 are required to be added back for tax purposes, while the actual rental expense is allowable as a deduction. In addition, deduction for impairment of advances under the Seventh Schedule has been restricted to non-performing loans classified under the "Loss" category" in accordance with Prudential Regulations No. 8 issued by the State Bank of Pakistan.

The amendments have been made retrospectively applicable, resulting in tax adjustments relating to prior periods. Accordingly, the Group has recognised in the current year the cumulative tax impact of these retrospective changes amounting to Rs. 148,017 thousands as a 'prior year tax charge'. The adjustment arises from changes in tax legislation and does not represent the correction of an error; therefore, comparative information has not been restated.

38.13 Maturity profile

The weighted average duration of the obligation is 7.5 years.

38.14 Funding Policy

The Group has the policy to make annual contributions to the fund based on actuarial report.

38.15 Significant risk associated with the staff retirement benefit schemes include:

Asset volatility	The risk of the investment underperforming and being not sufficient to meet the liabilities.
Changes in bond yields	The duration of the liabilities is 7.5 Years. Based on the weighted average duration of this plan and guidance from Pakistan Society of Actuaries ("PSOA"), the discount rate used for the calculations is 12.00% per annum.
Inflation risk	The risk that the final salary at the time of cessation of service is greater than what we assumed. Since the benefit is calculated on the final salary (which will closely reflect inflation and other macroeconomic factors), the benefit amount increases as salary increases.
Mortality rate	The risk that the actual mortality experience is different than the assumed mortality. This effect is more pronounced in schemes where the age and service distribution is on the higher side.
Withdrawal rate	The risk of actual withdrawals experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and the entitled benefits of the beneficiary.

41. FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than investment those classified as held to maturity, is based on quoted market price. Quoted securities classified as held to maturity are carried at amortised cost. The fair value of unquoted equity securities is measured using replacement price determined by the investee company on which shares can be surrendered.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

The fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since they are either short-term in nature or, in the case of customer advances, deposits and certain long term borrowings are frequently repriced.

41.1 Fair value of financial assets

The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the assets or liabilities that are not based on observable market data (i.e. unobservable inputs).

41.2 Fair value of non-financial assets

41.3 Valuation techniques used in determination of fair valuation of financial instruments within level 2 and level 3

Federal government debt securities	The fair value of government securities are valued using PKRV, PKFRV, PKISRV and PSX rates.
Debt securities other than federal government securities	The fair value is determined using the prices / rates available on Mutual Funds Association of Pakistan (MUFAP) / Reuters website and PSX.
Unquoted equity securities	The fair value is determined using replacement price determined by the investee company on which the shares can be surrendered.
Forward contracts	The fair values are derived using forward exchange rates applicable to their respective remaining maturities.
Mutual funds	The fair value is determined based on the net asset values published at the close of each business day.

Valuation techniques used in determination of fair values of non-financial assets within level 2

Property and equipment and non-banking assets acquired in satisfaction of claim	<p>Property and equipment and non-banking assets are valued by professionally qualified valutors. The valuation is based on their assessment of the market value of the assets. In determining the valuation for land and building the valuer refers to numerous independent market inquiries from local estate agents / realtors in the vicinity to establish the present market value. The fair valuation of land and building are considered to represent a level 2 valuation based on significant non-observable inputs being the location and condition of the assets.</p> <p>The fair value is subject to change owing to changes in input. However, management does not expect there to be a material sensitivity to the fair value arising from the non-observable inputs.</p>

46. RISK MANAGEMENT

Risk management aspects are embedded in the Holding Company's strategy, organisation structure and processes. The Holding Company has adopted a cohesive risk management structure for credit, market, liquidity and operational risk with an integrated approach to strengthen the process and system as controls are more effective and valuable when built into the process. Effective risk management is considered essential in the preservation of the assets and long-term profitability of the Holding Company. Clear guidelines and limits, which are under regular review, are backed by a system of internal controls and independent audit inspections. Internal reporting / MIS are additional tools for measuring and controlling risks. Separation of duties is also embedded in the Holding Company's system and organisation.

46.1 Credit risk

Credit risk arises from the possibility that the counterparty in a transaction may default. It arises principally in relation to the lending and trade finance business carried out by the Holding Company.

As per Basel II methodology the gross credit risk weighted exposure incorporating relevant credit conversion factor is Rs. 581,905,234 thousand (2024: Rs. 474,510,546 thousand) as depicted in note 45.

The Group's strategy is to minimize credit risk through a strong pre-disbursement credit analysis, approval and risk measurement process added with product, geography and customer diversification. The Holding Company, as its strategic preference, extends trade and working capital financing, so as to keep the major portion of exposure (funded and non-funded) on a short-term, self-liquidating basis. Major portion of the Holding Company's credit portfolio is priced on flexible basis with pricing reviewed on periodic basis.

With the expansion of the Consumer lending portfolio, the Credit Review & Administration efforts have been accordingly enhanced by inducting specialized consumer credit risk analysts and processing specialists.

Centralized Credit and Trade processing centres staffed with experienced resource provide strength to post-disbursement aspect of credit risk management.

The Group's credit policy / manual defines the credit extension criteria, the credit approval and monitoring process, the loan classification system and provisioning policy.

The Group continually assesses and monitors credit exposures. The group follows both objective and subjective criteria of SBP regarding loans classification. The subjective assessment process is based on management's judgement with respect to the borrower's character, activity, cash flow, capital structure, security, quality of management and delinquency.

The Group uses the 'Standardised Approach' in calculation of credit risk and capital requirements.

The Group uses reputable and the SBP approved rating agencies for deriving risk weight to specific credit exposures. These are applied consistently across the Group credit portfolio for both on-balance sheet and off-balance sheet exposures. The methodology applied for using External Credit Assessment Institutions (ECAI's) inclusive of the alignment of alpha numeric scale of each agency used with risk bucket is as per the SBP guidelines as is given below:

The forms of collateral that are deemed eligible under the 'Simple Approach' to credit risk mitigation as per the SBP guidelines are used by the Group and primarily includes cash, government, equity investment in blue chip companies and rated debt securities.

The Group applies the SBP specified haircut to collateral for credit risk mitigation. Collateral management is embedded in the Group's risk taking and risk management policy and procedures. A standard credit granting procedure exists which has been well-disseminated down the line, ensuring proper pre-sanction evaluation, adequacy of security, pre-examination of charge / control documents and monitoring of each exposure on an ongoing basis.

Collateral information is recorded diligently in the Group's main processing systems by type of collateral, amount of collateral against relevant credit exposures. A cohesive accounting / risk management system facilitates effective collateral management for Basel II reporting.

Particulars of Group's significant on-balance sheet and off-balance sheet credit risk in various sectors are analysed as follows:

46.1.7 Incorporation of forward-looking information in ECL

The assessment of Expected Credit Loss (ECL) calculation incorporates forward looking information. Forward-looking aspect introduces an extra dimension, which is often captured by relating expected losses to the macro-economic variables. The incorporation of macroeconomic factors increases the accuracy of the results produced and makes it more reliable to predict estimate future results more accurately.

The Group uses historic and forecasted data to determine the impact of macroeconomic factors to estimate Probability of Default (PD) and Loss Given Default (LGD) etc. Further, statistical models based on historical correlation is performed to identify most significant macro-economic variable(s) that have been recognised as contributors to the default performance of the portfolio. The macro-economic variables (including KSE 100 Index, Consumer Price Index and Crude Oil Price) used in the ECL calculation are fetched from the World Bank, International Monetary Fund (IMF) and State Bank of Pakistan (SBP) database and the relevant macro-economic variables are selected based on sensitivity of each of the portfolios to specific macro-economic variables. Three macroeconomic scenarios have been developed base, best, and worst with assigned scenario probability weightings of 70%, 15%, and 15% respectively.

The Group conducted a sensitivity analysis on macro-economic indicators which are utilised for forward-looking calculations. As of 31 December 2025, when the macro-economic indicators in the base scenario was adjusted upwards or downwards by 10%, the ECL showed the following variation:

Segment	Upwards	Downwards
Corporate	-7.32%	10.27%
SME	-12.05%	22.94%
Retail	-25.30%	43.10%

46.1.8 Sensitivity of ECL to future economic conditions

The ECL are sensitive to judgements and assumption made regarding formulation of forward-looking scenarios and how much such scenarios are incorporated into calculations. The Group performs sensitivity analysis on the ECL recognised on each of its segments.

The table below shows the loss allowance on each segment assuming each forward-looking scenario (e.g. Base, worst and best) were weighted 100% instead of applying scenario probability across the three scenarios.

This structure is reviewed, adjusted and approved periodically.

The Board of Directors oversees the Holding Company's strategy for market risk exposures. The Bank's Market Risk Management governance structure consists of the Risk & Compliance Committee (BR&CC) of the Board, Investment Committee and Asset & Liability Committee (ALCO) and is assisted by the independent Market Risk function with reporting line to the Risk Management Division.

46.2.2 Foreign exchange risk

Foreign exchange risk is the probability of loss resulting from adverse movement in exchange rates.

The Holding Company's business model for foreign exchange risk is to serve trading activities of its clients in an efficient and cost effective manner. 46.3 Operational risk

The Group operates in a controlled manner and operational risk is managed effectively. With the evolution of operational risk management (ORM) into a separate distinct discipline, the Group's strategy is to further strengthen operational risk management system along new industry standards.

The Holding Company's ORM strategy takes guidance from Basel - II, the SBP guidelines and best industry practices.

The Holding Company's ORM framework includes Risk Control Self-Assessment (RCSA), Key Risk Indicators (KRIs), Operational Risk Events Management, Change Risk Assessment and Risk Assessment of Outsourcing arrangement. The ORM unit engages with the Holding Company's business/support units and regularly collaborates in determining and reviewing the inherent operational risks, and assessment of residual risk leading to improved quality of control infrastructure and further strengthening of the processes & management information. Moreover, group wide policies, procedures, frameworks and product programs are also being evaluated from operational risk perspective aiming to beef up control environment.

The Group's business continuity plan includes risk management strategies to mitigate inherent risk and prevent interruption of mission critical services caused by disaster event. The Business Continuity Management function with the support of the senior management remained extremely active during the pandemic to ensure that stakeholders remained safe, all critical services and processes of the Group remain operational and any contingency arising is dealt appropriately. The Group's operational risk management governance has been further strengthened through the establishment of a separate Operational Risk and Control Committee.

The Group uses Basic Indicator Approach (BIA) for regulatory capital at risk calculation for operational risk. Under BIA the capital charge for operational risk is a fixed percentage of average positive annual gross income of the Bank over the past three years. Figures of capital charge of operation risk for the year is Rs. 13,245,223 thousand (2024: Rs. 11,825,795 thousand).

46.4 Liquidity risk

Liquidity risk is the risk that the Group will not be able to raise funds to meet its commitments.

Governance of liquidity risk management

The ALCO continuously monitors the liquidity position and the Group is confident that the current liquidity buffer is sufficient to cater to any adverse movement in the maturity profile.

Liquidity and related risks are managed through standardised processes established in the Group. The management of liquidity risk within the Group is undertaken within limits and other parameters set by the BoD. The Holding Company's treasury function has the primary responsibility for assessing, monitoring and managing the Holding Company's liquidity and funding strategy while overall compliance is monitored and coordinated by the ALCO. Board and senior management are apprised of the Group's liquidity profile to ensure proactive liquidity management. Treasury Middle Office being part of the risk management division is responsible for the independent identification, monitoring and analysis of intrinsic risks of treasury business. The Group has in place duly approved Treasury investment policy and strategy along with liquidity risk tolerance/appetite levels. These are communicated at various levels so as to ensure effective liquidity management for the Group.

Liquidity position of the Group remained strong in spite of approving deferment requests of principal & restructured loan, in line with the SBP directives. The Holding Company's strong deposit base backed by continued customer confidence and holding of government securities has enabled the Group to maintain a robust liquidity profile, also depicted through a strong LCR ratio.

Funding strategy

The Group's liquidity model is based on "self-reliance" with an extensive branch network to diversify the Holding Company deposit base. Further, the Holding Company can also generate liquidity from Interbank market against government securities to fund its short term requirement, if any. The Holding Company as a policy invests significantly in highly liquid government securities that can be readily converted into cash to meet unforeseen liquidity requirements, besides yielding attractive returns.

Liquidity risk mitigation techniques

Various tools and techniques are used to measure and evaluate the possible liquidity risk. These include regular monitoring of different liquidity ratios against approved triggers and communication to senior management and the ALCO. Further, the Group also prepares the maturity profile of assets and liabilities to keep track of liquidity gaps over different time buckets. The Holding Company also ensures that statutory cash and liquidity requirements are maintained at all times.

Liquidity stress testing

As per the SBP BSD Circular No. 1 of 2012, Liquidity stress testing is being conducted under well-defined stress scenarios. Results of same are escalated at the senior level so as to enable the senior management to take proactive actions to avoid liquidity crunch.

Contingency funding plan

Contingency Funding Plan (CFP) is a part of liquidity management framework of the Group which defines and identifies the factors that can instigate a liquidity crisis and the actions to be taken to manage the crisis. The Group has a comprehensive liquidity contingency funding plan in place, which highlights liquidity management strategy to be followed under stress conditions. Contingency Event Management parameters and responsibilities are also incorporated in order to tackle the liquidity crisis. Moreover, CFP highlights possible funding sources focusing on self-reliance, in case of a liquidity crisis.

11. Pool management		

Pools maintained by the Bank's Islamic Banking Division (IBD), their key features and risk and reward characteristics

The Bank operates general and special pools for deposits and inter-bank funds accepted / acquired under Modaraba and musharaka modes. Under the general deposits pools, the Bank accepts funds on Modaraba basis from depositors (Rabb-ul-Maal) where the Bank acts as Manager (Mudarib) and invests the funds in Shariah Compliant modes of financing, investments and placements. IERS and other pools (special pools) are operated for funds acquired / accepted from the State Bank of Pakistan and other banks for Islamic Export Refinance to the Bank's customers and liquidity management respectively under the musharaka / Modaraba modes. Further, the Bank also contributes its equity and becomes the capital provider, wherein required.

Following pools are being managed by IBD:

- General pool for local and foreign currencies for depositors
- Islamic export refinance scheme musharaka pool
- Special pool

All the Modaraba based remunerative deposits shall be considered as an investment from Rabbul Maal in the pool, along with IBD's own share of equity, which is also commingled in the pool. The applications of these funds are on Islamic financing and related assets, Investments, and Placements for generating profits to be shared among the depositors as per the Weightage system.

The IERS Pool caters the 'Islamic Export Refinance' requirements based on the guidelines issued by the SBP.

Profits are calculated on the basis of weightages assigned to different tiers and tenors. These weightages are announced at the beginning of the period, while considering weightages emphasis shall be given to the quantum, type and the period of risk assessed by applying following factors:

- Contracted period, nature and type of deposit / fund.
- Payment cycle of profit on such deposit / fund, i.e. monthly, quarterly or on maturity
- Magnitude of risk

Any change in profit sharing weightages of any category of deposit / fund providers shall be applicable from the next month (where applicable).

Avenues/sectors of economy/business where Mudaraba based deposits have been deployed.

- Agriculture, forestry, hunting and fishing
- Automobile and transportation equipment
- Chemicals and pharmaceuticals
- Electronic and electrical appliances
- Financial
- Production and transmission of energy
- Footwear and leather garments
- Textile
- Cement
- Others

Parameters used for allocation of profit, charging expenses and provisions etc.

The direct expenditure shall be charged to respective pool, while indirect expenses including the establishment cost shall be borne by Habib Metro IBD as Mudarib. The direct expenses to be charged to the pool may include depreciation of ijarah assets, insurance / takaful expenses of pool assets, stamp fee or documentation charges, brokerage fee for purchase of securities, impairment / losses due to physical damages to specific assets in pools etc. Provisions for non-performing accounts are borne by the mudarib, while write-off of non-performing accounts is charged to the respective pool. However, this is not an exhaustive list; Habib Metro IBD pool management framework and the respective pool creation memorandum may identify and specify these and other similar expenses to be charged to the pool.

The Bank managed the following general and specific pools during the year:

- iii بینک اپنے تمام تر آپریشنز میں شریعہ کے اصولوں پر عملدرآمد کو یقینی بنانے کے لیے ایک جامع نظام کا حامل ہے۔
- iv بینک میں ایک انتہائی منظم نظام موجود ہے جو تمام تر غیر شرعی ذرائع سے حاصل شدہ رقم چھپوٹی اکاؤنٹ میں جمع کیے جانے اور اسے مناسب طور پر خیراتی اداروں میں بروئے کار لائے جانے کو یقینی بناتا ہے۔
- v بینک نے نفع و نقصان کی تقسیم اور پول بینجمنٹ کے سلسلے میں اسٹیٹ بینک کی ہدایات کی مناسب طور پر پاسداری کی ہے۔
- vi لرننگ اینڈ ڈویلپمنٹ ڈیپارٹمنٹ اور بینجمنٹ نے ملازمین کی صلاحیتوں میں اضافے کے لیے مختلف اسلامک بینکنگ سیشنز کا اہتمام کیا اور اسلامک بینکنگ سیکھنے کے ماحول کیلئے مستقل عمل میں ہے اس سلسلے میں پروڈکٹس اور پروسیجرز میں شرعی اصولوں کی تعمیل کو سراہنے میں بینک کی بینجمنٹ اور بورڈ کی حساسیت اور صلاحیت قابل قبول ہے۔
- vii شریعہ بورڈ کو اس کی ذمہ داریوں کی ادائیگی کے لیے مناسب وسائل فراہم کیے گئے ہیں۔ تاہم، اسلامک برانچز / ونڈوز کے نیٹ ورک، کاروبار اور کام کے حجم میں اضافے کو مد نظر رکھتے ہوئے، شریعہ کمپلائنس فنکشن کو مزید مستحکم کرنے کے لیے شریعہ ٹیم میں اضافی افرادی قوت فراہم کرنے کی تجویز دی جاتی ہے۔

تجاویز

درج بالا جائزے کی بنیاد پر ہم تجویز کرتے ہیں کہ بینک کو:

- 1 شریعہ اور ریگولیٹری تقاضوں کی پابندی کو یقینی بنانے کے لیے جاری صلاحیت سازی کے پروگراموں کا تسلسل برقرار رکھیں، جس میں باقاعدہ بنیادوں پر اسلامک بینکنگ کے متعلقہ ترقیاتی سیشنز، بینک کی سینئر انتظامیہ و عملے کے لیے ریفرنڈیشن کورسز، اور صارفین کے لیے آگاہی سیشنز کا اہتمام شامل ہو۔
- 2 اسلامک بینکنگ کے لیے ڈیجیٹل حکمت عملی کو ڈیجیٹل سیکٹر کے رجحانات اور ریگولیٹری ہدایات کے مطابق مزید مستحکم و موثر بنایا جائے۔
- 3 آئین پاکستان، وفاقی شرعی عدالت کے فیصلے اور اسٹیٹ بینک آف پاکستان کے اسٹریٹجک پلان کے مطابق اسلامک بینکنگ نیٹ ورک کی توسیع جاری رکھی جائے، جس میں کنوینشنل برانچز کی منتقلی اور نئی اسلامی بینکنگ برانچز کا قیام شامل ہو۔
- 4 موجودہ اسلامک بینکنگ نیٹ ورک سمیت نئی برانچز اور ونڈوز کی توسیع و تبدیلی کے مراحل میں کنٹرولز کو برقرار رکھتے ہوئے مزید مستحکم کیا جائے۔ اس میں پروڈکٹ ڈیولپمنٹ، پالیسیز، پروسیجرز اور سسٹمز میں بہتری شامل ہو۔

اور اللہ سبحانہ و تعالیٰ بہتر جانتے ہیں۔

اللہ تعالیٰ ہماری کوششوں کو قبول فرمائیں اور ہمیں اس کے مطلوب امور کی تکمیل کرنے کی توفیق عطا فرمائیں ہماری غلطیوں کو معاف فرمائیں اور ہمیں دنیا اور آخرت میں بھی کامیابی سے ہم کنار فرمائیں، ہم یہ بھی دعا کرتے ہیں، کہ اللہ تعالیٰ کی رہنمائی اور اس کی کریم نوازیوں سے اسلامک بینکنگ کو مزید فروغ اور استحکام عطا فرمائیں گی۔ آمین

شریعیہ گورننس فریم ورک کے مطابق بورڈ آف ڈائریکٹرز اور مینجمنٹ اس امر کو یقینی بنانے کے لئے ذمہ دار ہیں کہ بینک کے آپریشنز اس طرح سے انجام دیئے جائیں کہ تمام اوقات میں شرعی اصولوں پر مکمل عملدرآمد ہو سکے، جبکہ ہمارے لیے بینک کے مجموعی شرعی اصولوں کے مطابق ہونے پر ایک رپورٹ پیش کرنا مطلوب ہے۔ ہماری رائے کو تقویت دینے کیلئے، جیسا کہ اس رپورٹ میں اظہار کیا گیا ہے، ہم نے شریعہ کمپلائنس ڈیپارٹمنٹ، انٹرنل شریعہ آڈٹ اور ایکسٹرنل شریعہ آڈٹ کی رپورٹس کا جائزہ لیا، جنہوں نے متعلقہ دستاویزی عمل اور پروسیس فلووز کے ساتھ ٹرانزیکشنز کی ہر ایک کلاس کیلئے ٹیسٹ چیک کی بنیاد پر اپنے جائزے اور آڈٹ کو انجام دیا تھا۔

شریعی بورڈ رپورٹ

برائے 31 دسمبر 2025

اللہ تعالیٰ کے مبارک نام سے جو نہایت مہربان اور رحم کرنے والا ہے۔

تمام تعریفیں اللہ سبحانہ و تعالیٰ، جو تمام جہانوں کا مالک ہے اور ہمارے نبی حضرت محمد مصطفیٰ صلی اللہ علیہ وسلم اور ان کے ساتھیوں کے لیے ہیں۔

اللہ تعالیٰ کے فضل و کرم سے، حبیب میٹروپولیٹن بینک لمیٹڈ ("بینک") کے اسلامک بینکنگ ڈویژن "صراط" نے اسلامک بینکنگ کے بائیس (22) کامیاب سال مکمل کر لیے ہیں۔ بینک اپنے اسلامک بینکنگ کے نیٹ ورک کو مسلسل توسیع دے رہا ہے اور سال 2025 کے اختتام پر اسلامک بینکنگ برانچز کی تعداد اور اسلامک بینکنگ ونڈوز کی تعداد بالترتیب دوسوتینتالیس (243) اور تین سو گیارہ (311) ہو چکی ہے۔

الحمد للہ، حبیب میٹروپولیٹن بینک اسلامک ریٹیل بینکنگ ایوارڈز 2025 میں "بہترین بینک برائے اسلامک ریٹیل بینکنگ گروٹھ اینڈ اسٹریٹیجی 2025" کے اعزاز سے نوازا گیا ہے۔

سال کے دوران شریعی بورڈ نے چار اجلاس منعقد کیے اور جائزہ لیا، اور نئے و موجودہ پروڈکٹس، پروسس ڈاکومنٹس، مینیولز، پالیسی، ٹرانزیکشنز، پروسس فلوز، شریعی کمپلائنس جائزہ رپورٹس اور شریعی آڈٹ رپورٹس کی منظوری دی گئی۔ مزید برآں شریعی بورڈ اور بورڈ آف ڈائریکٹرز نے سال میں دو بار ملاقات کی اور بینک کی شریعی کمپلائنس معمولات پر بریفنگ دی گئی۔

1 اسلامک کاروبار

سال 2025 کے دوران، بینک نے مختلف النوع اسلامک فنانسنگ پروڈکٹس بشمول مراہجہ، مساومہ، الحج، ورکنگ کیپیٹل مشارکہ، استصناع، سلم، اجارہ، مشارکہ متناقضہ، اور کرنسی سلم، استعمال کیں، مزید برآں بینک نے اسلامک سنڈیکٹ ٹرانزیکشن میں بھی شمولیت اختیار کی، اس سلسلے میں شریعی بورڈ نے مختلف کارپوریٹ، ایس ایم ای اور کمرشل صارفین کے مختلف اسٹریٹجیز میں شمولیت کا جائزہ لیا اور انکی منظوری دی، اس کی تفصیل درج ذیل ہیں۔

نمبر شمار	اسلامی فنانسنگ کا طریقہ	تعداد
1	مراہجہ	59
2	مساومہ	17
3	الحج	30
4	ورکنگ کیپیٹل مشارکہ	26
5	استصناع	47
6	سلم	01
7	اجارہ	02
8	مشارکہ متناقضہ	37
9	کرنسی سلم	01
10	اسلامک سنڈیکٹ ٹرانزیکشن	01
	کل	221

2 متفرق امور

سال کے دوران، شریعی بورڈ نے 576 متفرق معاملات کی توثیق و منظوری دی جس میں گارنٹیز، بیکپورٹی ڈاکومنٹس، لیٹ آف ہانڈ ٹھیکیشنز، چکانل و پورز، اسٹینڈرڈ ڈاکومنٹس، اور مختلف ٹرانزیکشنز کے کیسز و تفصیلات شامل ہیں۔

3 اسلامک برانچز / ونڈوز کی توسیع اور منتقلی

سال کے دوران، بینک نے 14 کنٹریٹل برانچز کو اسلامک برانچز میں تبدیل کیا، 06 نئی اسلامک برانچز، اور 125 نئی اسلامک بینکنگ ونڈوز کا آغاز کیا۔

بینکاری کا شعبہ مستحکم اور مناسب سرمایہ کاری کے حامل رہنے کی توقع ہے، جسے بلند کیپٹل ایڈی کوئسی اور مضبوط لیکویڈیٹی بفرز کا سہارا حاصل ہوگا۔ تاہم بلند شرح سود، محتاط قرضہ جاتی رویہ اور نجی شعبے کی کمزور طلب کے باعث درمیانی مدت میں کریڈٹ نمو محدود رہ سکتی ہے۔ وقت کے ساتھ میکرو اکنامک استحکام اور مہنگائی میں کمی کی نئی شعبے کے قرضہ جات میں بتدریج بحالی کی حمایت کرے گی۔

مجموعی عوامل کو مد نظر رکھتے ہوئے، پاکستان کی معیشت درست سمت میں گامزن دکھائی دیتی ہے۔ اگرچہ قلیل مدتی نمو معتدل رہ سکتی ہے، تاہم پالیسیوں میں تسلسل اور ٹیکس نیٹ کو وسعت دینا طویل مدتی مضبوط اور پائیدار ترقی کی بنیاد فراہم کر سکتا ہے۔

اظہارِ تشکر

آخر میں ہم وزارت خزانہ، اسٹیٹ بینک آف پاکستان اور سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان کے ان کی مستقل معاونت کیلئے بے حد شکرگزار ہیں۔ ہم اپنے معزز شیئرز ہولڈرز اور صارفین کا بھی ان کے اعتماد کیلئے شکریہ ادا کرتے ہیں جبکہ بورڈ آف ڈائریکٹرز کے ان کی رہنمائی اور حبیب میٹرو کے اسٹاف کے ان کی انتھک محنت اور لگن کے بھی مشکور ہیں جس سے ہمیں مضبوط سے مضبوط تر بننے کی صلاحیت فراہم کی ہے۔

بینک کا تنظیمی ڈھانچہ اور اتھارٹی کے مراحل واضح ہیں اور بینک میں نافذ تمام پراسس بورڈ سے منظور شدہ پالیسیوں اور طریقہ ہائے کار کے تابع ہیں۔ موجودہ پالیسیوں اور طریقہ ہائے کار کا مستقل بنیادوں پر جائزہ لیا جاتا ہے اور حسب ضرورت وقتاً فوقتاً ان میں بہتری لائی جاتی ہے۔ بورڈ نے مجموعی رسک مینجمنٹ فریم ورک کی نظر ثانی کیلئے ذیلی کمیٹیاں تشکیل دی ہیں جو موزوں گورننس کو یقینی بنانے کیلئے باقائمانگی سے ملتی ہیں۔

ہر پروس اور فنکشن میں موجود کنٹرول کے وہ تمام پہلو جو پالیسیوں اور طریقہ ہائے کار کے تابع ہیں، بینک کے آپریٹنگ نظام میں موجود ہیں، اور ان کنٹرول کی تعمیل اور موثر ہونے کی تصدیق غیر جانبدار انٹرنل آڈٹ ڈویژن کرتا ہے جو بورڈ آڈٹ کمیٹی کو بلاواسطہ طور پر جوابدہ ہے۔

اسٹیٹ بینک آف پاکستان کی انٹرنل کنٹرول رہنما ہدایات بینک کی انتظامیہ سے انٹرنل کنٹرول کے موثر ہونے کی جانچ پڑتال کا تقاضہ کرتی ہے۔ مینجمنٹ کو یقین ہے کہ بینک کا موجودہ انٹرنل کنٹرول کا نظام مناسب انداز میں ڈیزائن کیا گیا ہے اور اس پر موثر انداز میں عملدرآمد اور نگرانی کی جاتی ہے۔

انٹرنل آڈٹ

حبیب میٹرو ایک موثر بورڈ آڈٹ کمیٹی کا حامل ہے جو سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان کی جانب سے طے کردہ اور اسٹیٹ بینک آف پاکستان کی جانب سے مروجہ لسطہ کمپنیز (کوڈ آف کارپوریٹ گورننس) ریگولیشنز، 2019ء کے تحت کام کرتی ہے۔ بورڈ کی آڈٹ کمیٹی آڈٹڈ ایریکٹرز پر مشتمل ہے اور اس کی سربراہی ایک آڈٹڈ ایریکٹر کے سپرد ہے۔

بورڈ آڈٹ کمیٹی کو براہ راست رپورٹ کرتے ہوئے، انٹرنل آڈٹ فعال طور پر برانچوں کے آڈٹ، آپریٹنگ اور بینک کی اہم سرگرمیوں کیلئے خطرات پر مبنی نکتہ نظر کا استعمال کرتا ہے اور اس کیساتھ ضرورت کے تحت اصلاحی اقدامات اور کنٹرول کی خامیوں کے تدارک پر خصوصی توجہ دیتا ہے۔

انٹرنل آڈٹ حبیب میٹرو کی تیسری دفاعی لائن کی حیثیت سے، بینک کے مجموعی کنٹرول کے ماحول میں بنیادی عنصر ہے۔ جو کہ انتظامیہ اور بورڈ کو بینک کے انٹرنل کنٹرول سسٹم کا جائزہ لیکر غیر جانبدار یقین دہانی فراہم کرتا ہے۔ انٹرنل آڈٹ ایک مخصوص مدت کے اندر بینک کی پالیسیز، افعال، سسٹمز اور کنٹرول کا جائزہ لیتا ہے تاکہ بورڈ آڈٹ کمیٹی کے لیے مناسب یقین دہانی فراہم کی جائے اور بینک کی جانب سے خطرات کے تدارک کی کوششوں کے ضمن میں طریقوں کا اضافہ کیا جائے۔

مستقبل پر ایک نظر

درمیانی مدت میں پاکستان کی معیشت کا منظر نامہ محتاط مگر مثبت رہنے کی توقع ہے، جس کی بنیاد میکرو اکنامک استحکام، کثیرالاجتی شراکت داروں کے ساتھ مسلسل روابط، اور داخلی معاشی سرگرمیوں کی تدریجی بحالی پر ہوگی۔ تاہم، ساختی کمزوریوں، بلند عوامی قرضے اور بیرونی کمزوریوں کے باعث نمو کی رفتار محدود رہنے کا امکان ہے، جس کیلئے مسلسل پالیسی نظم و ضبط اور اصلاحی تسلسل ضروری ہوگا۔

مہنگائی کے اسٹیٹ بینک آف پاکستان کے درمیانی مدتی ہدفی دائرے میں رہنے کی توقع ہے، جسے سخت مانیٹری پالیسی اور عالمی اجناس کی نسبتاً مستحکم قیمتوں سے سہارا ملے گا۔ تاہم، توانائی کی قیمتوں میں مگنڈا، شرح مبادلہ میں اتار چڑھاؤ اور بیرونی سپلائی جھکوں خصوصاً مشرق وسطیٰ میں بڑھتی ہوئی جغرافیائی کشیدگی کے باعث مہنگائی کے خطرات اوپر کی جانب رہ سکتے ہیں۔ نتیجتاً، مانیٹری پالیسی تاریخی رجحانات کے مقابلے میں نسبتاً سخت رہنے کی توقع ہے، تاکہ طلب کے غیر ضروری دباؤ کو محدود رکھا جاسکے۔

مالیاتی منظر نامہ بدستور چیلنج رہے گا، جہاں آمدنی پر دباؤ اور قرضوں کی بلند ادائیگیوں کے باعث مالی گنجائش محدود رہے گی۔ آئی ایم ایف کی معاونت سے جاری مالیاتی استحکام پروگراموں کے تحت بنیادی توازن میں بہتری متوقع ہے، تاہم مستحکم ریونیومو بلائزیشن اور اخراجات کی معقولیت کے بغیر عوامی قرضہ بلند سطح پر رہنے کا امکان ہے۔

شرح مبادلہ عمومی طور پر مارکیٹ کے تعین کے مطابق رہنے کی توقع ہے، جبکہ بیرونی فنانسنگ کے بہاؤ اور بین الاقوامی خطرات کے تناظر میں وقتی اتار چڑھاؤ ممکن ہے۔ چلدار شرح مبادلہ کا نظام بیرونی جھکوں کو جذب کرنے اور زرمبادلہ کے ذخائر کو مستحکم رکھنے کیلئے اہم پالیسی ستون رہے گا۔

بینک کا جدید ترین ٹرانزیکشن مانیٹرنگ سسٹم (ٹی ایم ایس) منی لائڈنگ کی ان سرگرمیوں کی مانیٹرنگ میں مدد دیتا ہے جن کا تعلق بینک چینلز، پروڈکٹس اور خدمات کے ذریعے منی لائڈنگ (ایم ایل) اور ڈیٹا ہینڈلنگ کے لئے سرمایہ (ٹی ایف) سے ہو سکتا ہے۔ ٹی ایم ایس غیر معمولی منتقلیوں کی نگرانی اور اس میں موجود کثیر نوعیتی اے ایم ایل/سی ایف ٹی صورت حال کے ذریعے بینک کے سسٹم میں ٹرانزیکشنز کی مختلف سرگرمیوں کا جائزہ لیتا ہے۔ بینک نے اوریکل کی سرپرستی کے حامل معروف تھرڈ پارٹی ٹی ایم ایس سافٹ ویئر جو "فنانشل کرائم ایڈ کمپلائنس مینجمنٹ" کے نام سے معروف ہے، حاصل کیا اور یہ اس وقت لاگو کرنے کے مرحلے میں ہے۔ مزید برآں بینک نے ایک فعال کسٹمر ڈیوڈ پلینچنس (سی ڈی ڈی) پروویس کا بھی حاصل ہے جو بینک کو صارف کے ہر ایک دستاویز/ہر ایک پروفائیل کو اپ ڈیٹ کرنے کی صلاحیت فراہم کرتا ہے اور قانونی ضوابط کے مطابق جامع سی ڈی ڈی کا اہتمام کرتا ہے۔ بینک باقاعدگی سے مشتبہ منتقلیوں کی رپورٹس (ایس ٹی آر) اور کرنسی کی منتقلی کی رپورٹس (سی ٹی آر) کرنسی ٹرانزیکشن رپورٹ گواے ایم ایل (goAML) پورٹل کے ذریعے فنانشل یونٹ (ایف ایم یو) کو ارسال کرتا ہے۔

بحیثیت ٹریڈ اور اینڈ بینک، پابندی کی حامل ٹرانزیکشنز کی روک تھام کو یقینی بنانے کیلئے کراس بارڈر ٹرانزیکشنز کمپلائنس یونٹ کی جانب سے اسکرین شدہ اور پہلے سے منظور شدہ ہوتی ہیں۔ بینک نے ٹریڈ بیسڈ منی لائڈنگ سے متعلق خطرات کے تدارک کیلئے اضافی اقدامات کیے ہیں، اس میں تمام ٹریڈ ٹرانزیکشنز کی باقاعدہ نگرانی انجام دینا اور تجارتی صارفین کی ٹریڈ کے وائی سی/رسک پروفائیل کو اپ ڈیٹ کرنا، کاؤنٹر پارٹیز اور سامان، ویسلز، بینک وغیرہ کی اسکریننگ شامل ہے۔ بینک ٹریڈ ٹرانزیکشنز کے ساتھ منسلک ایم ایل/ٹی ایف خطرات کے تدارک کے لیے ایک معروف ٹیکنالوجی پر منحصر طریقہ کار کا بھی حامل ہے۔ اسکریننگ کے علاقہ سسٹم دوہرے استعمال کی اشیا کی شناخت کرتا ہے اور موجودہ کنٹرول کو مزید مستحکم کرنے کے لیے ویسلز کی ٹریڈنگ کرتا ہے۔

علاوہ ازیں ایک وقف کردہ سی ایف ٹی ڈیک بھی مختص کی گئی ہے جو بینک کے اندر ٹی ایف کے خطرات کو کم کرنے پر خصوصی توجہ دیتی ہے۔ یو این ایس سی قراردادوں پر عملدرآمد کے ضمن میں اور بینک کی سرسرمز مقررہ افراد اور اداروں تک محدود رکھنے کے ضمن میں وقتاً فوقتاً سسٹم کے تمام افعال اور نگرانی کے نظام کو مانیٹر اور آپ گریڈ کیا جاتا ہے۔

ایم ایل/ٹی ایف/پی ایف خطرات اور ان کے تدارک پر اسٹاف کی تربیت پر سال بھر خصوصی توجہ مرکوز رکھی گئی، مختلف زبانوں کے ای لرننگ ماڈیولز اسٹاف کی جانب سے مکمل کیے گئے اور مختلف فیس ٹوفیس سیشنز بھی منعقد کیے گئے تاکہ ممبران تازہ ترین خطرات، مشکلات اور اس شعبے میں ہونے والی پیشرفت سے آگاہ رہیں۔

آپ کا بینک بطور ایک فارن فنانشل انسٹی ٹیوشن (ایف ایف آئی) شراکت کا حامل ہے اور فارن انکوائریز ایکٹ (FATCA) کی، اس امر کا تعین کرنے کیلئے کہ ممکنہ کلائنٹس امریکی ٹیکس رپورٹنگ ذمہ داریوں کا حامل ہے یا نہیں، ان سے اضافی معلومات اور دستاویزات کے حصول کے ذریعے پوری طرح تعمیل کرتا ہے۔ FATCA ایک امریکی قانون ہے جس کا مقصد امریکی شہریوں اور کمپنیوں کی جانب سے ٹیکس کی عدم ادائیگی کی روک تھام ہے اور جو یکم جولائی 2014ء سے نافذ ہو چکا ہے FATCA قانون کی تعمیل کو یقینی بنانے کے لئے کمپلائنس ڈویژن روالہ، تربیت، ڈیو پلینٹ اور FATCA کی ضروریات کی نگرانی جیسی سہولیات فراہم کرتا ہے۔

کامن رپورٹنگ اسٹینڈرڈ (CRS) ایک عالمی معیار ہے جو اقتصادی تعاون و ترقی کی تنظیم (ادای سی ڈی) کونسل سے منظور شدہ ہے اور حکومت پاکستان ملکی قوانین کے توسط سے آئی ٹیکس آرڈیننس مجریہ 2001ء کے SRO 166(1)/2017 کی روشنی میں اس کی تشریح کرتی ہے۔ بینک CRS قوانین پر عمل پیرا ہے اور اس مقصد کیلئے بینک کے کھاتوں کی جانچ پڑتال کی جاتی ہے تاکہ ان کی ٹیکس ریزیدنسی کے بارے میں فیڈرل بورڈ آف ریونیو کو مزید رپورٹ دی جائے۔

تخلیقی اور امتیازی کوششوں پر خصوصی توجہ کے ساتھ کمپلائنس فنکشن اپنے اسٹاف کی پیشہ ورانہ بہتری و ترقی اور معمولات کی انجام دہی کو مستحکم بنانے کے ذریعے خود کو موثر بنا تا رہے گا۔

کنٹرولز

ادارے میں مجموعی کنٹرول کلچر خصوصاً رسک کے نقطہ نظر سے نافذ کرنے میں رسک مینجمنٹ فنکشن کی ہر ممکن کوشش شامل ہے۔ مزید برآں انٹرنل کنٹرول (ICU) جو بینک کی رسک مینجمنٹ ٹیم کا حصہ ہے، موثر آپریشنز، قانونی تقاضوں کی تعمیل اور قابل اعتماد مالیاتی رپورٹنگ کو یقینی بنانے کیلئے آپریشنل انٹرنل کنٹرول کے ایک موثر سسٹم کے قیام اور عملدرآمد کا ذمہ دار ہے۔ یہ کوششیں کمپلائنس، فنلنس اور رسک مینجمنٹ ڈویژن کے زیر انتظام آپریشن، قانونی ضروریات کی تعمیل اور فنانشل رپورٹنگ میں مجموعی طور پر انٹرنل کنٹرول میں مہارت کا حصہ ہیں۔ بینک کے مجموعی مقاصد کے حصول میں ناکامی کے خطرات کی شناخت اور ان کو کم کرنے کیلئے مینجمنٹ کی طرف سے موزوں سسٹم، پراسس اور کنٹرول رائج کئے گئے ہیں۔

بینک کے متبادل ڈیلیوری چینل کے بڑھتے ہوئے استعمال کے ساتھ ایف آراینم یونٹ ڈیجیٹل بینکنگ ٹرانزیکشن کی نگرانی، عمومی ٹرانزیکشن کے برعکس سرگرمی اور رجحان یا فراڈ کے خطرات کی شناخت کے لئے 24/7 کام کرتا ہے۔ بینک صنعت کے بہترین افعال کو رائج کرنے اور انڈسٹری کے پارٹنرز کے تعاون کے ذریعے اپنے کسٹمرز کو کسی دھوکہ دہی کی سرگرمی سے بچانے کی بھرپور کوشش کرتا ہے۔ ڈیجیٹل ٹرانزیکشن مانیٹرنگ کی صلاحیت کو مزید مضبوط بنانے کے لیے بینک نے جدید مصنوعی ذہانت (AI) صلاحیتوں سے لیس ایک انٹر پرائز فراڈ میجمنٹ سلوشن نافذ کیا ہے، جس کا مقصد مالی اور غیر مالی دھوکہ دہی کی روک تھام ہے۔

برنس کنٹینوٹی رسک

بینک مستقل طور پر ایک موثر کاروباری تسلسل کے انتظام کے فریم ورک کے ذریعے اپنے آپریشن اور کارکردگی کو بہتر بنانے پر کام کرتا رہتا ہے۔ کسی بھی تباہ کن صورتحال کا سامنا کرنے کے لئے یہ فریم ورک رسک اور اس کے اثرات کے جامع جائزہ کی بنیاد پر تیار کردہ پالیسی اور پلان بشمول مفصل کردار، ذمہ داریاں اور ایکشن پلان پر مشتمل ہے۔ یہ ریگولیٹری فریم ورک اور صنعت کی بہترین پریکٹس پر عمل کرتا ہے اور باقاعدہ جائزے اور آڈٹس سے مشروط ہے۔ عملدرآمد کے نقطہ نظر سے ایک کرائس میجمنٹ ٹیم سینئر انتظامیہ کی جانب سے تشکیل دی گئی ہے جو کسی بھی خطرناک صورتحال درپیش آنے پر معاملات کی نگرانی اور فیصلہ کرتی ہے۔

کسی ہنگامی صورتحال کے پیش نظر بینک نے اسٹاف کے لئے ملٹی پل بی سی پی سائنس کی تشکیل اور گھر بیٹھے کام کرنے کی سہولت دی ہے۔ ایسی صورتحال میں اسٹاف کی تیاری کو یونٹنگ، آگاہی اور جانچ پڑتال کی کوششوں کے ذریعے یقینی بنایا گیا ہے۔ بینک ایک مضبوط ڈیزاسٹر ریکوری (DR) انتظام برقرار رکھتا ہے، جس کے تحت جغرافیائی طور پر علیحدہ مقام پر DR ڈیٹا سینٹر فعال ہے، تاکہ کسی بھی ٹیکنالوجی سے متعلقہ حادثے یا آفت کی صورت میں روزمرہ کی سرگرمیاں بلا تعطل جاری رہ سکیں۔ DR ڈیٹا سینٹر کی دستیابی اور تکنیکی عملیاتی عملے کی تیاری کا باقاعدہ DR ڈرل کے ذریعے جائزہ لیا جاتا ہے۔ ان تمام اقدامات کا مقصد ادارے میں ایک مضبوط اور لچکدار ثقافت کو فروغ دینا ہے، جہاں کاروباری تسلسل اور خدمات کی بلا تعطل فراہمی کو اولین ترجیح دی جاتی ہے۔

انفارمیشن سیکورٹی رسک

انفارمیشن سیکورٹی ڈیپارٹمنٹ (آئی ایس ڈی) بینک کے رسک میجمنٹ ڈویژن کا ایک حصہ ہے اور بینک کے انفارمیشن سسٹم کے دفاع کی دوسری صف کے طور پر کارفرما رہتا ہے۔ ہمارے صارفین کو سروسز کی فراہمی میں ٹیکنالوجی کے بڑھتے ہوئے استعمال کے ساتھ انفارمیشن سیکورٹی ڈیپارٹمنٹ کا مقصد صارف کی مالیاتی و ذاتی معلومات اور اس کی سالمیت کے تحفظ کو یقینی بناتا ہے۔ انفارمیشن سیکورٹی رسک کو کم کرنا ہے۔ بینک کے خطرات کی حدود میں رہتے ہوئے انفارمیشن اور ٹیکنالوجی کے خطرات پر قابو پانے کے حتمی ہدف کے پیش نظر انفارمیشن ٹیکنالوجی ڈیپارٹمنٹ مختلف سرگرمیوں مثلاً خطرات کی جانچ، جائزہ، تشخیص و مانیٹرنگ انجام دیتا ہے۔ یہ انفارمیشن سیکورٹی کے خطرات اور ان کے تدارک کو سمجھنے اور آگاہی کی سطح کو بڑھانے کیلئے بھی سرگرم ہے۔

ہیومن ریورسز ڈویژن نے بینک کے ملک گیر توسیعی منصوبوں میں کلیدی کردار ادا کیا، اور اس بات کو یقینی بنایا کہ افراد، عمل اور ادارہ جاتی ثقافت بینک کے بڑھتے ہوئے نیٹ ورک میں موثر انداز میں ہم آہنگ رہیں۔ سال کے دوران ایک اہم سنگ میل صنفی تنوع میں مزید پیش رفت تھا، جہاں خواتین ملازمین کی تعداد 1,609 سے تجاوز کر گئی اور مجموعی صنفی تنوع کا تناسب 25 فیصد تک پہنچ گیا، جو گزشتہ سال کے 24 فیصد کے مقابلے میں اضافہ ظاہر کرتا ہے۔

مالی حجم کے اعتبار سے، ڈیجیٹل ٹرانزیکشنز کی مجموعی مالیت میں نمایاں اضافہ ہوا، جو 2024 میں 1.09 ٹریلین روپے سے بڑھ کر 2025 میں 1.53 ٹریلین روپے تک پہنچ گئی، یعنی 40 فیصد اضافہ ہوا۔ موبائل بینکنگ نے سب سے بڑا حصہ ڈالتے ہوئے 1.28 ٹریلین روپے کی پراسیسنگ کی، جو 50 فیصد اضافہ ظاہر کرتی ہے، اور یہ ڈیجیٹل چینلز کے ذریعے بڑے مالیاتی لین دین پر صارفین کے بڑھتے ہوئے اعتماد کو ظاہر کرتا ہے۔ ڈیجیٹل کارڈ POS کے ذریعے 35.8 بلین روپے کی ٹرانزیکشنز ہوئیں، جو 26 فیصد نمو ہے۔

سال کے دوران بینک کے ڈیجیٹل کارڈ میں، موبائل بینکنگ صارفین اور ڈیجیٹل اکاؤنٹ کی رسائی میں صحت منداں اضافہ ریکارڈ کیا گیا، جو کسٹمر آن بورڈنگ، ایکٹیویشن اور ڈیجیٹل منتقلی کی حکمت عملیوں کی کامیابی کا مظہر ہے۔ سال کا ایک اہم سنگ میل ڈیجیٹل اکاؤنٹ اوپننگ کا آغاز تھا، جس کے نتیجے میں 76,000 سے زائد ڈیجیٹل اکاؤنٹس کھولے گئے اور ڈیجیٹل رسائی کی شرح 72 فیصد تک پہنچ گئی۔ کم لاگت اور عالمی قبولیت کے حامل ڈیجیٹل کارڈ کی بڑھتی ہوئی طلب کے پیش نظر، بینک نے ایک نئی ادائیگی اسکیم UnionPay متعارف کرائی اور دو نئے کارڈ مصنوعات لانچ کیں: دی پے پاک، یونین پے کو بیجڈ ڈیجیٹل کارڈ اور یونین پے سنگل لوگو ڈیجیٹل کارڈ۔ مزید برآں، بینک نے اپنی موبائل ایپ اور انٹرنیٹ بینکنگ پلیٹ فارمز کو جدید UI/UX ڈیزائن کے ساتھ کامیابی سے اپ گریڈ کیا، جس سے ڈیجیٹل انجمنٹ میں مزید بہتری آئی اور صارفین کے لیے آغاز سے اختتام تک تجربہ مزید موثر اور سہل بنا۔

بینک نے ویزا ان کارپوریشن کے ساتھ ایک تاریخی پانچ سالہ اسٹریٹجک شراکت داری بھی حاصل کی، جس کے تحت مشترکہ مارکیٹ مہمات، ٹیکنالوجی اپ گریڈیشن اور جدید ویلیو پروپوزیشنز کیلئے بہتر معاونت فراہم کی جائے گی۔ یہ شراکت داری بینک کو اپنے کارڈ پورٹ فولیو میں تیز رفتار نمو اور ادائیگیوں کے ماحولیاتی نظام کو مزید مضبوط بنانے میں معاون ثابت ہوگی۔

اپنے مضبوط رسک مینجمنٹ فریم ورک کے تحت، بینک قومی اور بین الاقوامی معلومات، جائزوں اور رہنما اصولوں کی بنیاد پر موسمیاتی، ماحولیاتی اور سماجی خطرات سے متعلق رسک اسیسمنٹ متعلقہ سطحوں پر انجام دیتا ہے۔ اس عمل کے ذریعے بینک اپنے مجموعی پورٹ فولیو میں خطرات کے ساتھ ساتھ ممکنہ مواقع کی بھی نشاندہی کر سکتا ہے۔ مزید برآں، بینک گرین بینکنگ کے شعبے میں علم، آگاہی اور عملی نفاذ کو فروغ دینے کیلئے ریگولیٹری اداروں، غیر منافع بخش تنظیموں، تجارتی اداروں اور دیگر اسٹیک ہولڈرز کے ساتھ مشاورتی عمل میں فعال شرکت کرتا ہے۔ گرین بینکنگ گائیڈ لائنز کی روشنی میں بینک درج ذیل مخصوص شعبوں میں پیش رفت کا خواہاں ہے:

• ماحولیاتی اور سماجی خطرات سے نمٹنے کا انتظام

فنڈنگ پورٹ فولیوز میں ماحولیاتی اور سماجی ایکسپوژر کے خاتمے اور انتظامات کے ذریعے مالیاتی استحکام کو بہتر بنانے کیلئے سیب میٹرو نے ماحولیاتی اور سماجی رسک مینجمنٹ (ESRM) کو کرڈٹ رسک اسیسمنٹ کے عمل میں شامل کر لیا ہے۔ اس کے نتیجے میں بینک اپنے تمام اہل قرض دہندگان کو رسک بینکنگ تفویض کرنے اور پورٹ فولیو کی سطح پر ESG رسک کا جائزہ لینے کے قابل ہو گیا ہے۔

• کاروباری سہولت

بینک غیر آلودہ توانائی اور باکفایت وسائل کے منصوبوں میں سرمایہ کاری کے ذریعے ”گرین مارکیٹ“ کو فروغ دینے کے لئے کوشاں ہے۔ بینک گرین پورٹ فولیو اسٹریٹجی بینک آف پاکستان کی ریٹنواہیل انرجی کے ذریعے ریٹنواہیل انرجی فنڈنگ سے متعلق کلائنٹس کو راغب کرنے پر زور دے رہا ہے۔

• ذاتی اثرات میں کمی

بینک نے داخلی آپریشنز اور طریقہ کار کی مکمل طور پر توثیق پر توجہ میں اضافہ کیا ہے۔ ماحولیات اور سماجی پر اثرات کم کرنے کے لئے بینک اسکوپ ایمیشن میں کمی کے منصوبے پر کام کر رہا ہے اور قدرتی و دیگر وسائل کے استعمال کو کم کرنے کیلئے مختلف انتظامی اور انجینئرنگ اقدامات اختیار کر چکا ہے۔

کریڈٹ ریٹنگ

بینک نے PACRA کی جانب سے طویل مدت کیلئے AA+ (ڈبل اے پلس) کی ریٹنگ اور مختصر مدت کیلئے A1+ (اے ون پلس) کی ریٹنگ برقرار رکھی۔ یہ ریٹنگز کریڈٹ کے اعلیٰ معیار، کریڈٹ رسک کے بہت کم امکان اور مالیاتی وعدوں کی بروقت ادائیگی کی مستحکم صلاحیت ظاہر کرتی ہے۔

ٹرانزیکشن بینکنگ

حبیب میٹرو کی ٹرانزیکشن بینکنگ نے کامیابی کے ساتھ سال 2025ء میں تقریباً 2,000 کاروباری صارفین کو خدمات فراہم کیں۔ یہ سال حبیب میٹرو میں ٹرانزیکشن بینکنگ کے لئے ایک سنگ میل کے طور پر تسلیم کیا جاتا ہے جس میں متعدد جدید و منفرد پروڈکٹ متعارف کرائی گئیں جس میں اپنے کلائنٹس کی ضروریات کو پورا کرنے کی پیشکشیں کی گئیں تھیں۔

بینک نے نمایاں حد تک اپنے کارپوریٹ کلائنٹس، ماڈیول 'نیٹ ٹو بینک' میں ترامیم کی اور بینکاری کی جدید ترین ٹرانزیکشن سہولتیں فراہم کیں جو صارف کی وصولیاتی کی ضرورت میں اضافے اور مجموعی طور پر صارف کے تجربات کو بہتر بنانے کیلئے تشکیل دی گئی تھی۔ جس کے نتیجے میں کلائنٹس اور ادائیگیوں میں 4 ٹریلین روپے کے تاریخی تھرو پونٹ جم کا حصول ایک نمایاں سنگ میل رہا، جبکہ مجموعی طور پر تقریباً 5.2 ملین ٹرانزیکشنز ریکارڈ کی گئیں، جو سال 2024ء کے مقابلے میں تقریباً 17 فیصد اضافہ ظاہر کرتی ہیں۔ یہ ماڈیول مربوط اور غیر مربوط دونوں طرز پر صارفین کی روزمرہ کلائنٹس اور ادائیگیوں کی متنوع ضروریات کو موثر طریقے سے پورا کرتا ہے۔

حبیب میٹرو کی ٹرانزیکشن بینکاری میں شاندار کامیابیوں کے لئے کاوشیں گزشتہ 3 مستقل سالوں کے دوران متعدد اہم اعزازات کے ساتھ تسلیم کی گئیں۔

سال 2025ء میں حبیب میٹرو کو انوشین انویشن ایوارڈز (سنگاپور) کی جانب سے پاکستان کے سپلائی چین۔ انویشن آف دی ایئر 2025ء کے اعزاز سے نوازا گیا۔

ڈیجیٹل چینلز

ڈائریکٹرز رپورٹ برائے شیئر ہولڈرز

عزیز شیئر ہولڈرز،

بورڈ آف ڈائریکٹرز کی جانب سے ہم انتہائی مسرت کے ساتھ 31 دسمبر 2025 کو ختم ہونے والے مالی سال کیلئے حبیب میٹرو پولیٹن بینک لمیٹڈ (حبیب میٹرو) کے آڈٹ شدہ سالانہ مالیاتی گوشوارے پیش کر رہے ہیں۔

اقتصادی اور بینکاری کا جائزہ

سال کے دوران پاکستان کی معیشت نے محتاط مالی نظم و ضبط اور مستقل مانیٹری پالیسی کے باعث مستحکم پیش رفت کا مظاہرہ کیا۔ صنعتی سرگرمیوں میں چمک برقرار رہی، جبکہ بڑے پیمانے کی صنعت نے ٹیکسٹائل، آٹوموبائلز، سینٹ اور فوڈ پروسیسنگ سمیت دیگر اہم شعبوں میں بحالی کا سلسلہ جاری رکھا۔ زرعی شعبے نے بھی مثبت کردار ادا کیا، جبکہ خدمات کے شعبے میں نمو معتدل رہی۔ آئی ایم ایف کے توسیعی فنڈ سہولت اور ریزرو پالیسی اینڈ سٹیبلائزیشن فیسلٹی کے تحت دوسرے جائزے کی کامیاب تکمیل کے نتیجے میں 1.2 بلین امریکی ڈالر کی قسط جاری کی گئی، جس سے بیرونی مالی ذخائر مضبوط ہوئے اور سرمایہ کاروں کے اعتماد کو تقویت ملی۔ تاہم جاری مالی اور فنانسنگ ضروریات کے باعث عوامی قرضہ بڑھ کر 78.5 ٹریلین روپے تک پہنچ گیا۔

سال 2025 کے دوران بیرونی شعبہ نسبتاً دباؤ کا شکار رہا، جس کی بنیادی وجہ درآمدات میں نمایاں اضافہ تھا۔ سال 2025 میں کرنٹ اکاؤنٹ خسارہ 199 بلین امریکی ڈالر رہا، جبکہ سال 2024 میں 496 بلین امریکی ڈالر کا فاضل (سرپلس) ریکارڈ کیا گیا تھا۔ برآمدات میں 0.9 فیصد معمولی اضافہ ہوا اور یہ 40.6 بلین امریکی ڈالر تک پہنچ گئیں۔ اشیاء کی برآمدات میں کمی کو خدمات کی برآمدات میں 12.1 فیصد کے مضبوط اضافے نے جزوی طور پر متوازن کیا۔ دوسری جانب درآمدات میں 11.4 فیصد اضافہ ہوا اور یہ 74.5 بلین امریکی ڈالر تک پہنچ گئیں، جس کے نتیجے میں تجارتی خسارہ بڑھ کر 33.9 بلین امریکی ڈالر ہو گیا۔ بیرون ملک مقیم پاکستانیوں کی ترسیلات زر میں 15.9 فیصد اضافہ ہوا اور یہ 40.2 بلین امریکی ڈالر تک پہنچ گئیں، جو تجارتی خسارے کے تدارک میں اہم معاون ثابت ہوئیں۔ نیچٹا، اسٹیٹ بینک آف پاکستان کے خالص زرمبادلہ ذخائر بڑھ کر 16.05 بلین امریکی ڈالر کی بلند ترین سطح تک پہنچ گئے۔

اسٹیٹ بینک آف پاکستان نے جنوری 2026 میں منعقدہ مانیٹری پالیسی کمیٹی کے اجلاس میں پالیسی ریٹ کو 10.5 فیصد پر برقرار رکھا، جو دسمبر 2025 میں 50 پیسے پوائنٹس کی کمی کے بعد برقرار رکھا گیا۔ مالی سال 2025 کی پہلی ششماہی کے دوران اوسط مہنگائی 5.2 فیصد رہی، جو اسٹیٹ بینک کے 5 تا 7 فیصد کے ہدفی دائرے کے مطابق تھی۔ عالمی اجناس کی نسبتاً کم قیمتوں اور سخت مانیٹری پالیسی کے باعث مہنگائی کا منظر نامہ مستحکم رہا۔ تاہم مشرق وسطیٰ میں بلند جغرافیائی سیاسی خطرات عالمی اجناس، بالخصوص تیل کی قیمتوں میں اضافے کا باعث بن سکتے ہیں۔

سال 2025 کے دوران پاکستانی روپے کی اوسط قدر تقریباً 281 روپے فی امریکی ڈالر رہی۔ بینکاری شعبے نے بیلنس شیٹ میں نموریکارڈ کی، جہاں ڈپازٹس اور سرمایہ کاری میں اضافہ ہوا، جبکہ سست معاشی ماحول میں محتاط قرضہ جاتی حکمت عملی کے باعث ایڈوانسز میں کمی دیکھی گئی۔

سال بہ سال بنیاد پر 23.6 فیصد اضافے کے ساتھ بینکاری شعبے کے ڈپازٹس دسمبر 2025 کے اختتام پر 37.4 ٹریلین روپے تک پہنچ گئے۔ ایڈوانسز میں 7.1 فیصد کمی واقع ہوئی اور یہ 14.9 ٹریلین روپے رہے، جبکہ سرمایہ کاری میں 30.1 فیصد نمایاں اضافہ ہوا اور یہ 37.9 ٹریلین روپے تک پہنچ گئی۔

سال کے دوران بینک کی کارکردگی

اللہ تعالیٰ کے فضل و کرم سے، حبیب میٹرو نے 31 دسمبر 2025 کو ختم ہونے والے سال کیلئے 49,023 ملین روپے کا قبل از ٹیکس منافع ظاہر کیا، جو فی شیئر آمدنی 21.55 روپے رہی۔ بینک کی خالص منافع کی آمدنی 66,458 ملین روپے رہی، جبکہ غیر سودی آمدنی 24,491 ملین روپے رہی، جو گزشتہ سال کے مقابلے میں 15.1 فیصد اضافہ ظاہر کرتی ہے۔ اس میں فیس اور کمیشن کی آمدنی 11,293 ملین روپے شامل ہے، جو گزشتہ سال کے مقابلے میں 5.0 فیصد زیادہ ہے۔

خالص ایڈوانسز 8.5 فیصد بڑھ کر 514,783 ملین روپے ہو گئے جبکہ سرمایہ کاریاں 6.6 فیصد بڑھ کر 864,652 ملین رہ گئیں، ڈپازٹس 31 دسمبر 2025 کو 1,119,625 ملین روپے پر موجود تھے جو سال کے دوران 20.8 فیصد بڑھ گیا۔

بینک کی خالص ایکویٹی 11.1 فیصد تک بڑھ کر 127,809 ملین روپے رہی، جس کے نتیجے میں کمپنیل ایکویٹی 17 فیصد رہا۔

کمیشنس

بینک کے مالیاتی سال اور رپورٹ کی تاریخ کے درمیان بینک کی مالیاتی پوزیشن کو متاثر کرنے والی کمیشنس میں کوئی نمایاں تبدیلی وقوع پذیر نہیں ہوئی۔

10. Deduction of Withholding Tax from Dividend

The Government of Pakistan through Finance Act, 2020, has made certain amendments in section 150 of the Income Tax Ordinance, 2001, whereby different rates have been prescribed for deduction of withholding tax on the amount of dividend paid by the companies. These tax rates are as under:

- (a) For filers of income tax returns: 15%
- (b) For non-filers of income tax returns: 30%

To enable the Bank to make tax deduction on the amount of cash dividend @ 15% instead of 30%, all shareholders whose names are not entered in the Active Tax-Payers List (ATL) provided on the website of the Federal Board of Revenue (FBR), despite the fact that they are filers, are advised to make sure that their names are entered into the ATL at the earliest possible (as and when declared), otherwise tax on their cash dividend will be deducted @ 30%.

For shareholders holding their shares jointly as per the clarification issued by the FBR withholding tax will be determined separately on 'Filer/Non-Filer' status of Principal Shareholder as well as joint-holder(s) based on their shareholding proportions. Therefore, all shareholders who hold shares jointly are required to provide shareholding proportions of Principal Shareholder and Joint-holder(s) in respect of shares held by them, as follows:

Folio / CDC Account No.	Total Shares	Principal Shareholder		Joint Shareholder(s)	
		Name and CNIC No.	Shareholding Proportion (No. of Shares)	Name and CNIC No.	Shareholding Proportion (No. of Shares)

In case of non-receipt of above information, the shareholding will be divided among the joint-holders equally.

11. Unclaimed Shares and Dividends

As per the provisions of Section 244 of the Companies Act, 2017, any shares issued or dividends declared by the Bank, which remain unclaimed or unpaid for a period of three years from the date they became due and payable shall vest with the Federal Government after compliance of procedures prescribed under the Act. In compliance with the above, the Bank has already sent individual letters to the concerned shareholders requesting them to claim their outstanding cash dividends and/or bonus shares. In this respect and for facilitation of the shareholders, the details of unclaimed shares and dividends can also be accessed from the Bank's website.

Therefore, in view of the above, those shareholders who have not yet collected their pending entitlements are once again advised to lodge their claims with the Bank's Share Registrar at the address given above.

As per Section 72 of the Companies Act, 2017, every existing company shall be required to replace its physical shares with book-entry form in a manner as may be specified and from the date notified by the Commission, within a period not exceeding four years from the commencement of this Act. In this respect, the Securities & Exchange Commission of Pakistan (SECP) vide its Letter No. CSD/ED/Misc/2016-639-640, dated 26 March 2021, has advised all listed companies to pursue such shareholders still holding shares in physical form, requiring conversion of their shares into book-entry form.

Accordingly, the shareholders having physical shareholding are once again advised to open CDC sub-account with any of the CDC Participants to place their physical shares into book-entry form at their earliest.
