Benefits:

Death Benefit: If the life covered expires during the term of the membership, the nominee will get Sum Covered or accumulated cash value, whichever is higher. The range of Cover Multiples offered under this plan is 5 - 254; hence, your Sum Covered can be 5 to 254 times of your annual basic contribution, depending upon underwriting outcomes. For example, if your annual basic contribution is PKR 24,000 and you have selected a cover multiple of 5, your total sum covered would be: $24,000 \times 5 = \text{PKR } 120,000$

*The range of cover multiples available to the participant varies with the age at entry of the life covered and underwriting outcome.

Maturity Benefit: You will receive an amount accumulated in Participants Investment Account (PIA), at the time of maturity of the membership. For further information, you may consult our Takaful Consultant.

Optional Benefits: Jubilee Assured Marriage Takaful Plan is a flexible plan that lets you select additional optional benefits based on your needs.
