Pablo Blau is Singapore's first luxury spa that offers exclusive skin treatments in a salt room environment replicated after salt mines and caves in Eastern Europe. The treatment rooms are entirely coated with pharmaceutical-grade dry salt crystals. Salt therapy together with proprietary spa treatment methodology increases its efficacy. Skin and body treatments are enhanced and expedited as the clean hypoallergenic environment couples with the anti-inflammatory properties of salt to provide added healing effects.

UNO MAS UNO – белорусский бренд яркой одежды.

Почему мы Вам понравимся?

- Яркие цвета и эксклюзивные оттенки! Очень часто ткани открашиваются специально для нас.

- Мы против немодных посадок и скучных решений.

- Узнаваемость: вы точно видели наши лимонные бирки. И не только в Минске!

- Базовая одежда на каждый день в классических цветах также присутствует в нашем магазине.

- Унисекс: наша одежда подходит как женщинам, так и мужчинам.

- Тотал лук. В нашем магазине мы полностью соберем вам готовый комплект – низ, верх, футболка, нижнее белье, носочки и аксессуары!

- Нет ограничений по возрасту: мы верим в то, что молодость – это состояние души. Поэтому UNO MAS UNO все возрасты покорны.

- Family look: папа, мама и дети. У нас есть и детский ассортимент.

- Если нужна помощь, наши консультанты всегда на связи онлайн или офлайн в магазине. Но также вы можете сами собрать свой неповторимый комплект и экспериментировать с сочетанием цветов.

Наша цветовая палитра насчитывает более 40 оттенков.

Главный принцип работы FRESKO – создавать хорошую обувь, которую хочется носить.

Мы стараемся от коллекции к коллекции совершенствоваться и развиваться. Наша команда следит за тенденциями и спросом.

Для нас важно по каким критериям женщины выбирают обувь и какие требования они к ней предъявляют.

Мы стремимся к тому, чтобы наша продукция была качественной, красивой, удобной и отвечала запросам самых взыскательных покупательниц!

Большое внимание уделяется погодным условиям нашей страны, ведь женщине должно быть комфортно и холодной зимой, и дождливой осенью.

У нас появилась оптимальная формула хорошей обуви: достойное качество, стильный дизайн, постоянное обновление коллекции, мастера своего дела и ручная работа.

Так часто производители пренебрегают одними критериями в угоду другим: делают красивую обувь, но абсолютно не удобную, а если качественную, но далекую от модных тенденций.

Команда FRESKO стремится к соблюдению всех составляющих формулы.

Главный принцип работы FRESKO – создавать хорошую обувь, которую хочется носить.

Мы стараемся от коллекции к коллекции совершенствоваться и развиваться. Наша команда следит за тенденциями и спросом.

Для нас важно по каким критериям женщины выбирают обувь и какие требования они к ней предъявляют.

Мы стремимся к тому, чтобы наша продукция была качественной, красивой, удобной и отвечала запросам самых взыскательных покупательниц!

Большое внимание уделяется погодным условиям нашей страны, ведь женщине должно быть комфортно и холодной зимой, и дождливой осенью.

У нас появилась оптимальная формула хорошей обуви: достойное качество, стильный дизайн, постоянное обновление коллекции, мастера своего дела и ручная работа.

Так часто производители пренебрегают одними критериями в угоду другим: делают красивую обувь, но абсолютно не удобную, а если качественную, но далекую от модных тенденций.

Команда FRESKO стремится к соблюдению всех составляющих формулы.
