### DIRECTORS' REVIEW

On behalf of the Board of Directors of Habib Metropolitan Bank, Iam pleased to present the condensed interim un-audited financial statements for the half year ended 30 June 2023.

During the first six months of 2023, Pakistan continued to face challenges both on an economic as well as political front. This fueled high inflation and the currency depreciated by more than 25% due to trade imbalances leading to low foreign exchange reserves. In a major development, Pakistan successfully executed the Stand-by Arrangement with the IMF for a nine-month USD 3 billion financing with first tranche of USD 1.3 billion already received. The overall balance of payments position continues to remain under stress, with foreign exchange reserves still at low levels.

Inflation recorded at 29.4 percent in FY23 compared to 12.2 percent in FY22; primarily driven by food and energy prices, along with increases in taxes and duties, and exchange rate depreciation. In the near-term headline inflation is expected to remain high.

Due to import restrictions together with curb on USD outflows, the country managed a Current account surplus for the last four months which resulted in an improved current account deficit of USD 2.4 billion, which is lower than the corresponding figure in FY22. During FY23, imports declined by 28.9 percent year-on-year to USD 60.0 billion while exports declined by 11.1 percent year-on-year to USD 35.2 billion. With a reduction of 13.6 percent, remittances stood at USD 27.0 billion in FY23.

Going forward, continuation of IMF program together with external financing from freindly countries shall be critical in managing the inflationary pressures and currency depreciation. Post elections, securing a larger IMF program along with other structural reforms shall be key challenge for the new government.

The State Bank of Pakistan raised interest rates by a cumulative 600 bps since December 31, 2022 taking the policy rate to 22.0 percent.

The Rupee depreciated by 26.3 percent since December 31, 2022, from Rs. 226.4 to Rs. 285.9 against USD in June 2023.

By the Grace of Allah, HABIBMETRO posted a profit before tax of Rs. 22,462 million for the first six months of 2023, an increase of 86.7 percent year-on-year. This translates into after tax earnings per share of Rs. 11.24 per share.

The Bank's net mark-up / interest income amounted to Rs. 30,833 million with a growth of 91.4 percent compared to Rs. 16,109 million in the same period last year, whereas non-mark-up / interest income increased by 11.8 percent amounting to Rs. 7,934 million as compared to Rs. 7,098 million during the same period last year.

Investments declined by 6.5 percent to Rs. 676,664 million whereas net advances stood at Rs. 434,627 million during the period under review. Meanwhile, deposits increased to Rs. 945,552 million compared to Rs. 880,697 million in 31 December 2022, with a growth of 7.4 percent. The Bank continues to focus on low-cost deposit mobilization, resulting in current deposits increasing by 15.3 percent during the period under review to Rs. 353,658 million with a CA mix of 37.4 percent.

The Bank's Net Equity stands at Rs. 80,862 million with a capital adequacy level of 15.3 percent.

The Bank maintained its Pakistan Credit Rating Agency Limited (PACRA) ratings of AA+ for Long Term, and A1+ rating for Short Term. These ratings denote a high credit quality with a low expectation of credit risk, and a strong capacity for timely payment of financial commitments.

HABIBMETRO operates a network of 521 branches in 207 cities across Pakistan, including 116 Islamic banking branches, and 217 Islamic banking windows. The Bank provides a comprehensive spectrum of banking services and products including specialized trade finance products and digital banking solutions such as secured mobile, web & SMS Banking services, globally accepted Visa Cards and a nationwide network of ATMs.

Being a conscientious corporate citizen, your Bank acknowledges its corporate social responsibilities and continues to make regular contributions to a host of non-profit / social organizations. The Bank also strives to be a socially involved organization by engaging its staff in various philanthropic initiatives and causes with primary focus on healthcare and education.

The Bank continues to promote its digital banking channels; mobile app, web banking, and debit cards, to encapsulate the various digital banking opportunities available in the country.

In conclusion, I would like to place on record our sincere gratitude to the Ministry of Finance, the State Bank of Pakistan and the Securities and Exchange Commission of Pakistan for their continued support and guidance to the Bank. I would also like to thank our valued shareholders and customers for the trust and patronage that they continue to extend to us. Lastly, I would like to acknowledge the unwavering dedication of the staff of HABIBMETRO Bank, who continue to work tirelessly to provide uninterrupted financial services. Their efforts enable the Bank to grow from strength to strength.

درآ مدی پابند ایوں اورامر کی ڈالر کے اخراج پر قابو پانے کے باعث ملک نے آخری 4ماہ کے دوران اپنا کرنٹ اکاؤنٹ سرپلس برقر اررکھا جس کے نیتیج میں 2.4 بلین امر کی ڈالرکا بہتر کرنٹ اکاؤنٹ خسارہ حاصل ہوا جو مالی سال 2022 کے قبم سے کم تھا۔ مالی سال 2023 کے دوران درآ مدات سال بہ سال 28.9 فیصد کم ہوکر 60.0 بلین امر کی ڈالر پرآ گئیں چیکہ برآ مدات 11.1 فیصد سالانہ کم ہوکر 35.2 بلین امر کی ڈالر ہوگئیں۔ 13.6 فیصد کی کمی کے ساتھ مالی سال 2023 میں زیر سیلات جموعی طور پر 27.0 بلین امریکی ڈالر میں۔

متعقبل میں افراطِ زرکے دباؤاور کرنی کی قدر میں کی سے نمٹنے کے لئے آئی ایم ایف پروگرام کے تسلسل اور دوست ممالک سے ہونے والی بیرونی سرمایہ کاری بہت اہم ہوگی۔انتخابات کے بعد آئی ایم ایف کا ایک وسیچ پروگرام کا حصول بشمول دیگر منتظم اصلاحات نئ حکومت کیلئے اہم چیلنجز ثابت ہونگئے۔

## INDEPENDENT AUDITORS' REVIEW REPORT TO THE MEMBERS OF HABIB METROPOLITAN BANK LIMITED

### Report on review of Unconsolidated Condensed Interim Financial Statements

### Introduction

We have reviewed the accompanying unconsolidated condensed interim statement of financial position of Habib Metropolitan Bank Limited ("the Bank") as at 30 June 2023 and the related unconsolidated condensed interim profit or loss account, unconsolidated condensed interim statement of comprehensive income, unconsolidated condensed interim statement of changes in equity, unconsolidated condensed interim statement of cash flows and notes to the unconsolidated condensed interim financial statements for the six-months period then ended (here-in-after referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of these interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these interim financial statements based on our review.

### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements are not prepared, in all material respects, in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting.

### Other Matter

The figures for the quarter ended 30 June 2023 in the unconsolidated condensed interim profit or loss account and unconsolidated condensed interim statement of comprehensive income have not been reviewed and we do not express a conclusion on them.

The engagement partner on the review resulting in this independent auditor's review report is Amyn Pirani.

General provision also includes provision of Rs. 61,152 thousand (31 December 2022: Rs. 59,265 thousand) made against consumer portfolio and Rs. 6 thousand (31 December 2022: Rs. 5 thousand) made against small enterprises (SEs) portfolio as required by the Prudential Regulations issued by the SBP.

### 10.3.3 Consideration of Forced Sales Value (FSV) for the purposes of provisioning against non-performing loans

In accordance with BSD Circular No. 1 of 21 October 2011 issued by the SBP, the Bank has availed the benefit of Forced Sale Value (FSV) of collateral against non-performing loans and advances. Had this benefit of FSV not been taken by the Bank, the specific provision against non-performing advances would have been higher by Rs. 3,024,563 thousand (31 December 2022: Rs. 2,617,170 thousand) and profit after tax for the six months period ended 30 June 2023 would have been lower by Rs. 1,542,527 thousand (31 December 2022: Rs. 1,334,757 thousand). This amount of Rs. 1,542,527 thousand (31 December 2022: Rs. 1,334,757 thousand) is not available for distribution of cash and stock dividend to the shareholders and bonus to employees.

The above represents provision against certain letters of credit and guarantee.

18.2 Under the Workers' Welfare Ordinance 1971, the Bank is liable to pay workers' welfare fund (WWF) @ 2% of accounting profit before tax or taxable income, whichever is higher. The Bank has made full provision for WWF based on profit for the respective years.

The Supreme Court of Pakistan vide its order dated 10 November 2016 has held that the amendments made in the law introduced by the Federal Government for the levy of WWF were not lawful. The Federal Board of Revenue has filed review petitions against this order which are currently pending.

Legal advice obtained on the matter indicates that consequent to filing of these review petitions, the judgement may not currently be treated as conclusive. Accordingly the Bank maintains its provision in respect of WWF.

18.3 This includes Rs. 15,391,762 thousand (31 December 2022: Rs. 12,186,315 thousand) received by the Bank from a correspondent bank against standby letter of credit claimed by the customer. The honorable High Court of Sindh has passed interim order restraining the Bank to transfer amount pending arbitration.

### 20.2.2 Commitments in respect of forward lendings

The Bank has made commitments to extend credit in the normal course of its business, but none of these commitments are irrevocable and do not attract any penalty if the facility is unilaterally withdrawn, except for:

20.3.1 These mainly represent counter claims by borrowers for damages. Based on legal advice and internal assessments, management is confident that the matters will be decided in the Bank's favour and the possibility of any adverse outcome is remote. Accordingly, no provision has been made in these unconsolidated financial statements.

### 20.3.2 Foreign exchange repatriation case

While adjudicating Foreign Exchange repatriation cases of exporters, the Foreign Exchange Adjudicating Court of the State Bank of Pakistan has adjudicated penalty of Rs. 106,056 thousand, arbitrarily on the Bank. The Bank has filed appeals before the Appellate Board and Constitutional Petitions in the Honorable High Court of Sindh against the said judgement. The Honorable High Court has granted relief to the Bank by way of interim orders. Based on merits of the appeals management is confident that these appeals shall be decided in favor of the Bank and therefore, no provision has been made against the impugned penalty.

### 21. DERIVATIVE FINANCIAL INSTRUMENTS

The Bank deals in derivative financial instruments namely forward foreign exchange contracts and foreign currency swaps with the principal view of hedging the risks arising from its trade business.

As per the Bank's policy, these contracts are reported on their fair values at the statement of financial position date. The gains and losses from revaluation of these contracts are included under "income from dealing in foreign currencies". Unrealised mark-to-market gains and losses due on these contracts are recorded on the statement of financial position under "other assets / other liabilities".

These products are offered to the Bank's customers to protect from unfavourable movements in foreign currencies. The Bank hedges such exposures in the inter-bank foreign exchange market.

These positions are reviewed on a regular basis by the Bank's Asset and Liability Committee (ALCO).

### 32. FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than investments in subsidiaries and those classified as held-to-maturity, is based on quoted market price. Quoted securities classified as held to maturity are carried at cost.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

The fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since they are either short-term in nature or, in the case of customer advances, deposits and certain long term borrowings are frequently repriced.

### 32.1 Fair value of financial assets

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:
